Before using your new product, please read these instructions to prevent any damage.

TROUBLESHOOTING

My device isn’t charging.

- Make sure that the charger is connected securely to the wall plug.
- Make sure that your device is securely connected to the charger.

My device is charging slowly.

- Make sure that the power requirements of your device match the power delivery of the charger.
- Stop using your device while it is charging.
- Close apps that run in the background on your device.
- Devices may start charging slower as they get older. This is normal.

SAFETY INFORMATION/CAUTION  
READ ALL INSTRUCTIONS BEFORE USING.

- THIS PRODUCT IS NOT A VOLTAGE CONVERTER. Use this adapter only if the power outlet voltage is within the range of your device’s voltage. Using this adapter with an incompatible device and power outlet may result in a risk of fire, electric shock, injury to persons, or damage to the device.
- Always disconnect the adapter and the device from the power outlet when not in use.
- Do not expose the adapter to high temperatures or humid environments.

- Do not place the product into a fire or submerge it in liquid.
- Do not disassemble the product.
- Avoid external shocks.
- The product will heat slightly when charging and discharging. This is normal.
- Do not operate the adapter with wet hands.
- Keep out of reach of children.
- Indoor use only
- Protection class II appliance.

LEGAL NOTICES

1. FCC Caution:

Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

**FCC Statement:** This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the
