

Fast and Portable Charging for Your Mobile Devices

10,000mAh Wireless Power Bank with
Built-in Lightning/Type-C Cables
Compatible with Qi2/MagSafe/Apple Watch

The 10,000mAh Wireless Power Bank with built-in Lightning/Type-C Cables offers a fast, convenient way to keep your devices charged on the go. Designed with strong built-in magnets, the power bank securely snaps onto MagSafe-compatible iPhones and Apple Watch for effortless wireless charging - no cables needed. With a 10,000mAh battery capacity, it delivers multiple full charges, while the built-in USB-C and Lightning cables support fast wired charging for other devices. Its slim, lightweight design makes it easy to carry, and features pass-through charging, LED power indicators, and built-in safety protections to ensure reliability and convenience. Perfect for travel, commutes, or everyday backup power, it's a versatile, all-in-one charging solution.

Stay powered up wherever you go with Qi2-certified fast charging speeds in a slim, portable design.

Magnetic Wireless Charging

Strong built-in magnets ensure a secure, snap-on connection for fast, reliable Qi2 compatible wireless charging without cables up to 15W for MagSafe enabled iPhones.

10,000mAh Battery Capacity with Pass-Through Charging

Provides multiple full charges for smartphones, tablets and other mobile devices, keeping you powered on the go. Supports charging your device while the power bank itself recharges, saving time and hassle.

Slim, Portable Design with Holding Stand

Lightweight and compact enough to fit in your pocket or bag, making it easy to carry anywhere. A foldable holding stand allows you to prop up your iPhone while it charges.

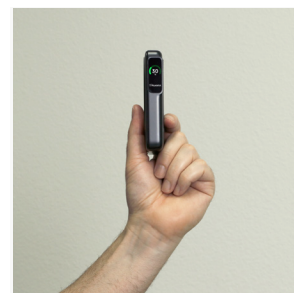

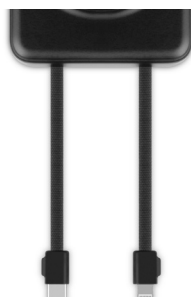

OLED Digital Display

The convenient OLED display screen located along the side of the power bank makes it easy to quickly identify the status of your charge and how much power is available.

Universal Compatibility

Works wirelessly with MagSafe compatible iPhones and Apple Watch and through wired connections for iPhones with Lightning port and USB-C devices.

Features

- Magnetic Wireless Charging – Snaps securely to MagSafe-compatible iPhones for effortless charging
- Utilizes magnets for precise alignment, ensuring efficient charging
- Handy, foldable stand enabling the phone to remain propped up while attached to the charger
- Durable, Modern Design - Sleek, minimalist look with a smooth, comfortable feel
- 10,000mAh Capacity - Provides multiple full charges for your devices
- USB-C Fast Charging - Supports both input and output for quick power delivery
- Lightning-Fast Charging - Supports input for quick power delivery
- Pass-Through Charging - Charge your phone and the power bank at the same time
- Slim and Lightweight - Pocket-friendly design for easy portability
- OLED Digital Display - Clear battery level display so you always know how much charge remains
- Strong Magnetic Hold - Ensures a stable connection, even while you're on the move
- Overcharge and Overheat Protection - Built-in safety features protect your devices
- Wide Compatibility - Works with iPhones, Apple Watch, AirPods and more
- Limited 1-year warranty

Specifications

- Input: 5V-3A / 9V-2A
- Wireless Output: 15W / 5W / 2.5W
- Connectivity: Type-C / Qi2 / MagSafe
- Product Dimensions (L x W x H): 2.75 x 0.25 x 4 in. (7 x 0.64 x 10.16 cm)
- Product Weight: 4.2 oz

Package Contents

- 10,000mAh Portable Battery Charger
- Quick Start Guide

Requirements

- Wireless charging enabled smartphone for wireless charging
