Attaching your screen protector

- 1** Remove your iPad case (if needed).
- 2** To prevent bubbles, clean your iPad screen with the wet cloth, then remove moisture with the dry cloth.
- 3** Press the dust removal adhesive to your iPad's screen repeatedly to clean any remaining debris.

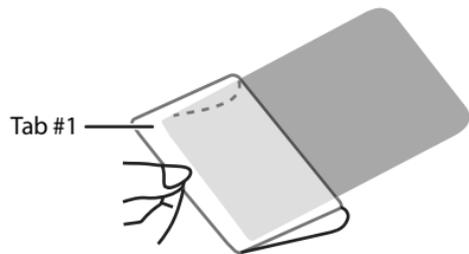

Before using your new product, please read these instructions to prevent any damage.

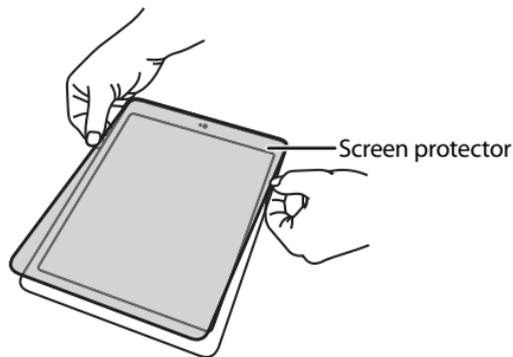

- 4** Use tab #1 to peel the back film off of the screen protector, then discard the film.

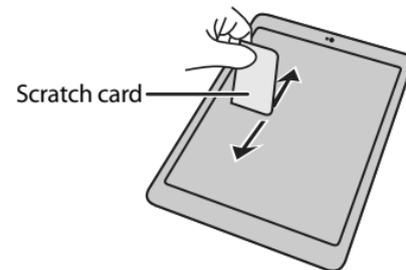

Note: Make sure not to touch the adhesive side of the film during the installation process.

- 5** Align the top of the screen protector with the top of the iPad, then press it down from top to bottom to adhere.

- 6** If there are bubbles, press them out toward the edges of the screen protector using the scratch card.

- 7** Use tab #2 to peel the blue film off of the screen protector, then discard the film.
8 Reattach your iPad case (if needed), then remove fingerprints with the polishing cloth.
