Audio IN jack	Connect a computer's audio out jack to this jack.
Headphone jack	Connect headphones to this jack.

USING THE STAND

How do I prepare my monitor stand?
(not for use with wall mounting)

- You'll need:** Soft surface and a Phillips screwdriver
- 1 Place the monitor screen face down on a cushioned, clean surface with the bottom edge hanging over the edge of the surface.
 - 2 Rotate the monitor stand down until it locks into place.
 - 3 Push the stand base onto the stand.
 - 4 Tighten the screw to secure your monitor to the base.

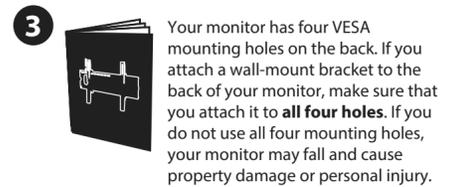

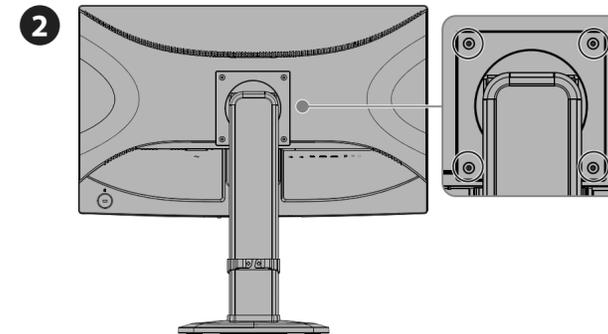

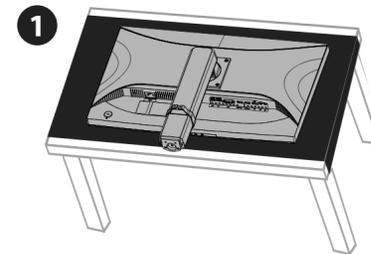

OR

USING A WALL MOUNT

How do I prepare my monitor for wall mounting? (not for use with a monitor stand)

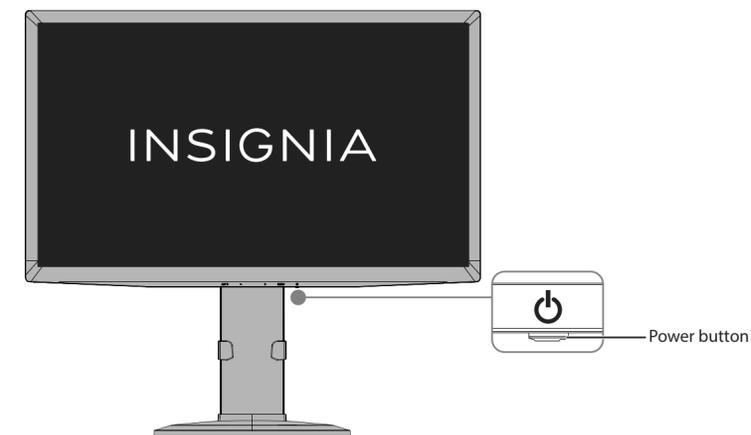

You'll need: Soft surface and a Phillips screwdriver

- 1 Place the monitor screen face down on a cushioned, clean surface.
- 2 Remove the four screws that secure the stand to the back of your monitor.
- 3 Attach the wall-mount bracket to your monitor. See the instructions that came with your wall mount for more information about how to correctly mount your monitor. Your monitor takes type M4 wall-mount screws.

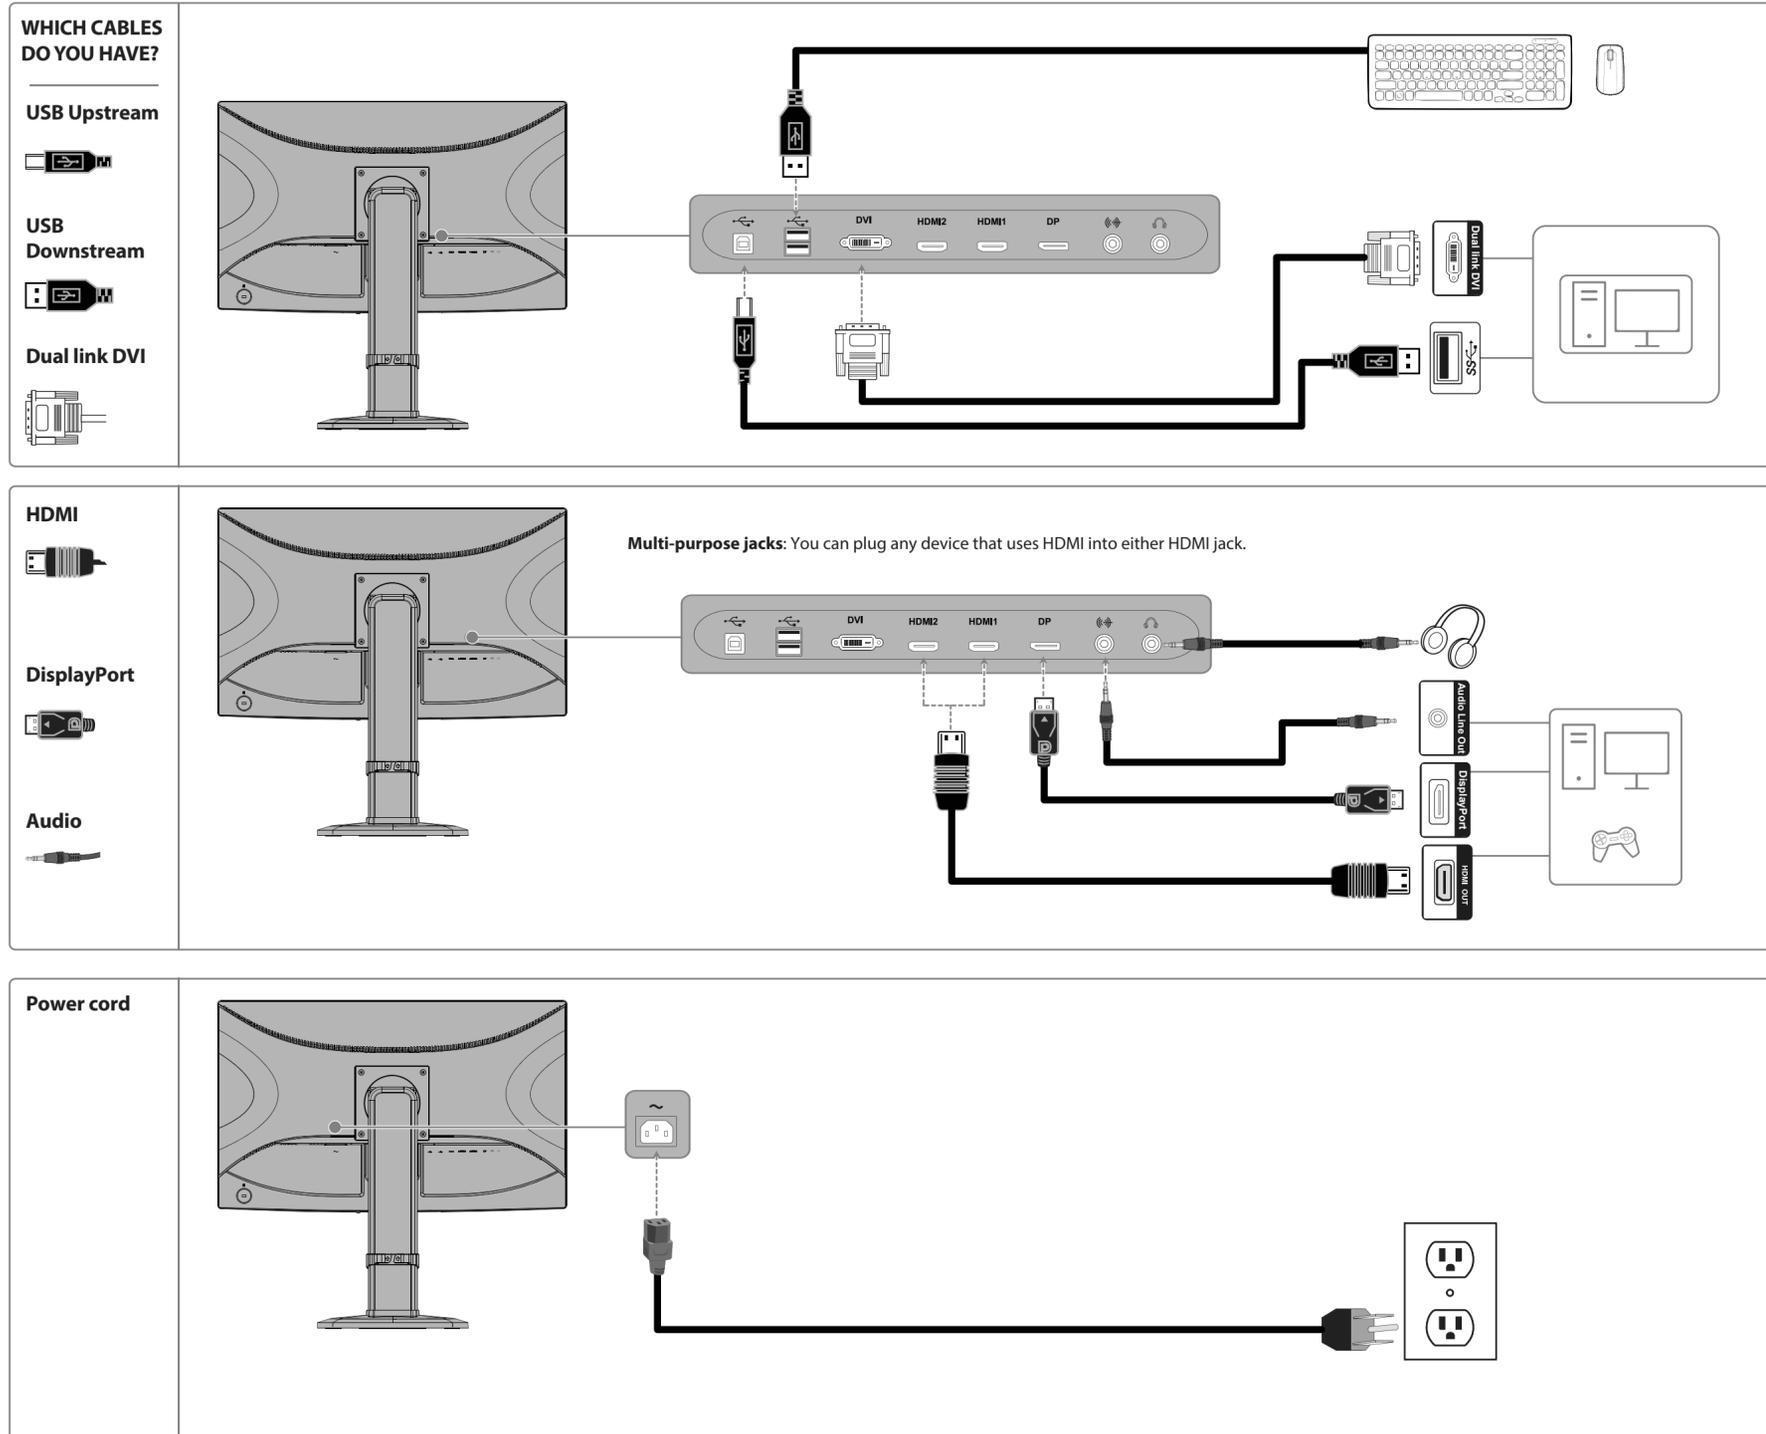

TURNING ON MY MONITOR

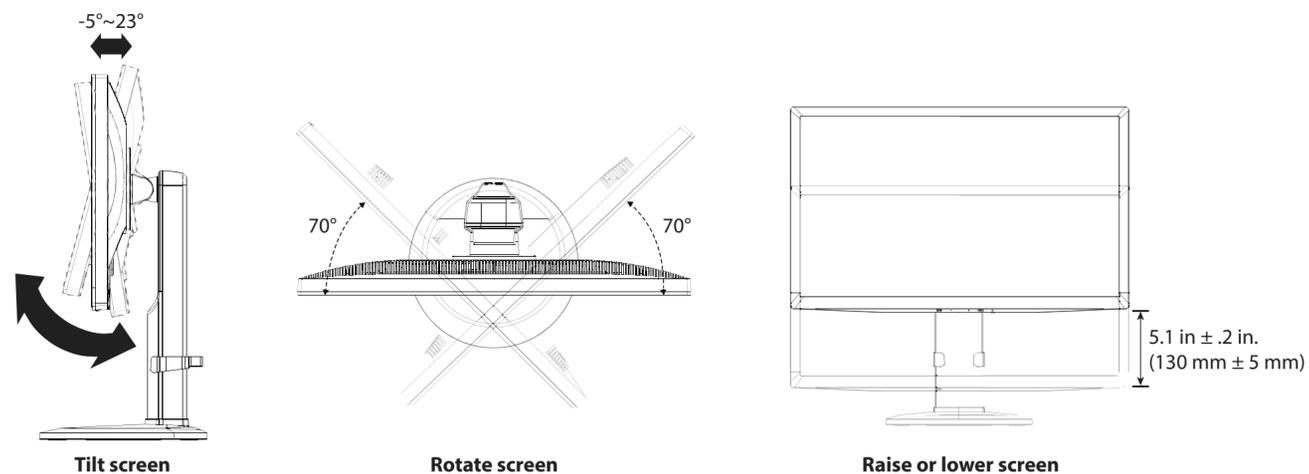

Press the power button on the front of your monitor.
