

10' Thin HDMI Cable**PACKAGE CONTENTS**

- HDMI cable
- *Quick Setup Guide*

USING YOUR CABLE

The connectors on the ends of your HDMI cable are labeled for your convenience so you know which end connects to your TV or monitor and which end connects to your source device.

- 1 Connect the HDMI connector labeled **SOURCE** to the HDMI output jack on your source device, such as a Blu-ray Disc or DVD player, HD cable or satellite box, or gaming system.
- 2 Connect the HDMI connector labeled **TV/Monitor** to an available HDMI input jack on your TV or monitor.

Note: This cable WILL NOT WORK if the source and TV/Monitor ends are not connected to the appropriate devices.

LEGAL NOTICES**FCC Information**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

ICES-003

This Class B digital apparatus complies with Canadian ICES-003; Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

ONE-YEAR LIMITED WARRANTY
