

# LONG RANGE INDOOR/OUTDOOR HDTV ANTENNA WITH 20-INCH MOUNT AND INDOOR BASE STAND

## CLEARSTREAM 2MAX™

### The ClearStream 2MAX™ Antenna

uses patented technology to receive TV signals 60+ miles away from the broadcast towers.

This antenna is ideal for suburban and rural areas where heavy foliage or roofing materials can reduce the incoming signal.

No antenna assembly required. Includes an indoor base stand for convenient installation, or use the J-Mount with a pivoting base to allow for installation on vertical or horizontal surfaces.

Dedicated UHF and VHF multi-directional elements deliver range and reception in less than ideal locations; no aiming necessary.

Durable, lightweight, premium materials for maximum performance.

DESIGNED AND ENGINEERED IN THE USA

### A Leader in Cutting-Edge Antenna Technology

Why do our antennas out-perform the competition? The proof is in the patented loop design. The CLEARSTREAM™ series is engineered to respond to a greater range of frequencies, along with a wide beam angle, eliminating the need for rotation. The ClearStream 2MAX™ will service many TVs. If your residence ever had satellite or cable TV service, the coaxial cable needed to distribute an antenna's signal throughout the home is already installed.

### Reduce Your Monthly TV Bill to \$0

You can now experience HDTV in the highest quality picture and sound available. Over-the-air broadcasts are transmitted in crystal clear, Full HD 1080; far less compressed than what cable and satellite offer. Many local broadcasts are digitally aired in 5.1 Surround Sound, giving you the ultimate sound stage for watching live television. With a digital antenna, you can receive free, local news, weather, kids shows, sports, cooking, shopping, and sitcoms from networks like ABC, NBC, CBS, FOX, PBS, CW, ION, and much more, with no cost or contracts. And broadcast TV won't be interrupted from service dropouts!

### Cutting the Cord is Easy

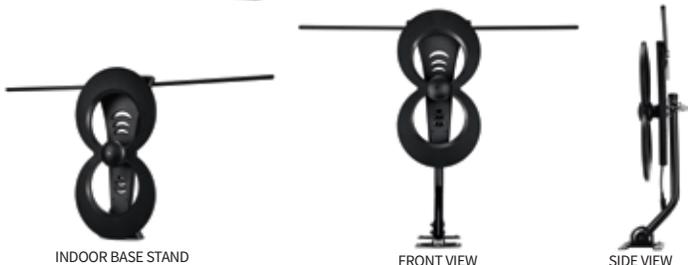

The ClearStream 2MAX™ comes with:

- ClearStream 2MAX™ Antenna
- Indoor Base Stand
- 20-inch J-Mount
- All-Weather Mounting Hardware

**60+** MILES  
**Extreme Range**

	<b>MODEL NUMBER</b> C2MJ-5
	<b>RANGE</b> 60+ Miles
	<b>BEAM ANGLE</b> 470 to 700MHz: 80 Degrees (Horizontal Plane)- Wide Reception Pattern
	<b>GAIN</b> UHF: 8.7 dBi VHF: 2.6 dBi
	<b>ASSEMBLED</b> 17" L x 31.25" W x 3.75" D
	<b>WEIGHT</b> 1 lb, 14 oz.
	<b>COLOR</b> Black
	<b>WARRANTY</b> Lifetime on Parts

As a leader in cutting-edge antenna technology, Antennas Direct is dedicated to providing superior products, supported by a lifetime warranty.
