

JABRA ENHANCE™ SELECT 50R

Advanced, medical grade hearing aids personalized to you by our licensed professionals. Everything you need for better hearing.

Premium licensed care at your fingertips

Enjoy access to our dedicated Audiology Team from initial setup to 3 years of personalized follow-up care. Not only can your hearing aids be custom-programmed to your personal hearing needs, you'll be able to enjoy one-on-one virtual appointments with a licensed hearing professional 7 days a week.

Medical-grade hearing technology

The Enhance Select 50R uses medical-grade microphones to analyze sound, similar to the human ear, for the most natural sound quality. Speech clarity is also improved with built-in noise-cancelling technology that effectively prioritizes speech over background noise. You can also connect your hearing aids directly to a compatible iPhone or Android device and stream music and calls to your ears via Bluetooth.*

Shop with confidence

Includes a 3-year warranty paired with 3 years of loss & damage protection from Jabra Enhance (subject to deductible)* so you can experience the benefits of medical-grade hearing aids without worry.

Everything you need at a fraction of the cost

For thousands less than the national average price of prescription hearing aids, you'll get world-class licensed care, hearing aids, and a 3-year warranty with loss & damage coverage.**

Custom-programmable to your personal hearing ability

Your Enhance Select 50R will be just that: yours. Virtually meet with our Audiology Team to get your hearing aids custom-programmed to your individual hearing needs.* Your hearing is unique, your hearing aids should be too.

Nearly invisible & lightweight for all-day comfort

The Enhance Select 50R is designed as a receiver-in-ear hearing aid to provide you with optimal comfort and be nearly invisible. Although small in size, the receiver-in-ear 50R packs its advanced technology in a form factor that maximizes sound quality, comfort, and aesthetics so you can wear it all day.

Control your hearing aids with our easy-to-use app

The Jabra Enhance Select app makes it easy to control your hearing aids and receive remote adjustments from our Audiology Team – all from the palm of your hand. With our comprehensive 3-year care plan, you can also connect with our Audiology Team from the comfort of your home so they can fine-tune your hearing aids directly through the app, like magic. (Apple & Android compatible devices*)

3 YEARS OF LICENSED CARE

ALL-DAY CONNECTIVITY

Bluetooth streaming for calls & music

Up to 30 hours on a single charge

FEATURES		BENEFITS
Connectivity	Mobile compatibility	Apple & Android-compatible devices*
	Bluetooth Low Energy	Listen to calls or music right from your hearing aids with a stable connection and efficient power usage for longer battery life
