

INSIGNIA™

QUICK SETUP GUIDE

28" LED TV
NS-28E200NA14

Thank you

for purchasing this state-of-the-art Insignia television. We hope you enjoy the quality and reliability of this television for years to come.

FIND YOUR USER GUIDE ONLINE!

We are going green so a copy of your User Guide is not provided in the box but is available online. Go to www.insigniaproducts.com, then click **Support & Service**. Enter your model number in the box under **Manual, Firmware, Drivers & Product Information**, then click ▶.

1 START HERE

How do I attach the stand to my TV?

(not for wall mounting)

You'll need: A Phillips screwdriver and a soft surface to lay the TV on.

- A** Lay the TV down on a soft surface.
- B** Secure the stand column to the stand with the four 14 mm screws provided.
- C** Insert the stand assembly into the back of TV.
- D** Secure the stand assembly to the TV with the four 8 mm screws provided.

- OR -

How do I prepare my TV for wall mounting?

(not for use with a TV stand)

- Lay the TV down on a soft surface.
- See the instructions that came with your wall mount for more information about how to correctly mount your TV.

STOP!

Do not plug your power cord in until all other devices have been connected.

Included accessories

Power cable

Remote control and two AAA batteries

M4 (8 mm length) (4)

Stand column and screws (Screws are for securing the stand column to the TV)

M4 (14 mm length) (4)

TV stand and screws (Screws are for securing the TV stand to the stand column)

Which cables do you have?

Your TV has several different jacks for connecting devices. For the best video quality, use the best available connection. Use the cables that came with your devices.

VIDEO QUALITY	JACK TYPE	CABLE CONNECTOR
BEST	HDMI video/audio	
BETTER	Component video and analog audio	
GOOD	Composite video and analog audio	
GOOD	Coaxial video/audio	

Note: You can use the HDMI 1/ARC/DVI jack to connect a DVI device to your TV. Attach an HDMI-to-DVI adapter to the end of the HDMI cable. The adapter connects to the DVI device's jack. See your online User Guide for more information about different types of HDMI (ARC, DVI, MHL).

Back view

Note: Images do not necessarily represent the exact design of your television.

2 MAKING CONNECTIONS

How do I watch TV (cable or satellite receiver) or connect a device such as a DVD or Blu-ray Disc player, game console, MHL-enabled device, Roku Streaming Stick, or camcorder?

Using an HDMI cable (BEST)

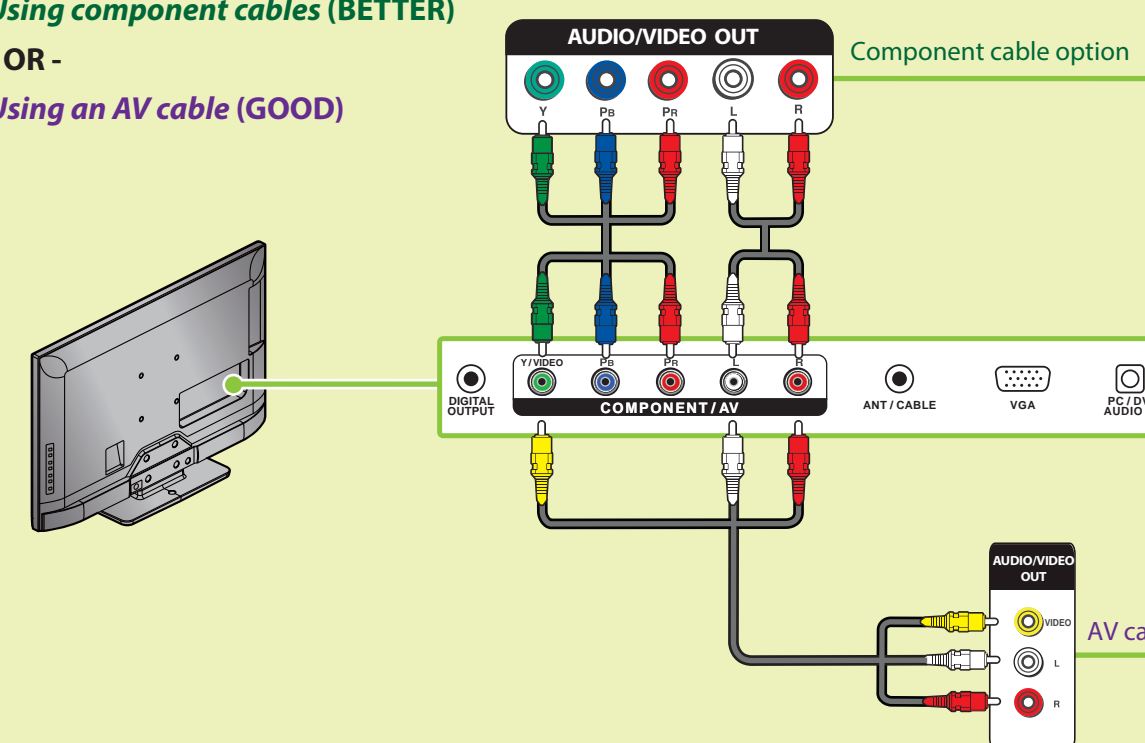

Multi-purpose jacks: You can plug any device that uses HDMI into the HDMI 2/MHL or HDMI 1/ARC/DVI jack. However certain devices must be connected to the HDMI 2/MHL or HDMI 1/ARC/DVI jack. See the instructions that came with your MHL, ARC, or DVI device for more information.

Using component cables (BETTER)

- OR -

Using an AV cable (GOOD)

Note: The component and AV jacks are shared. This means you can connect only one component or AV device at a time. We suggest using HDMI if your device supports it.

Note: Connect the yellow video cable connector to the green Y/VIDEO jack on the back of your TV.

How do I connect my TV to an antenna or cable wall jack?

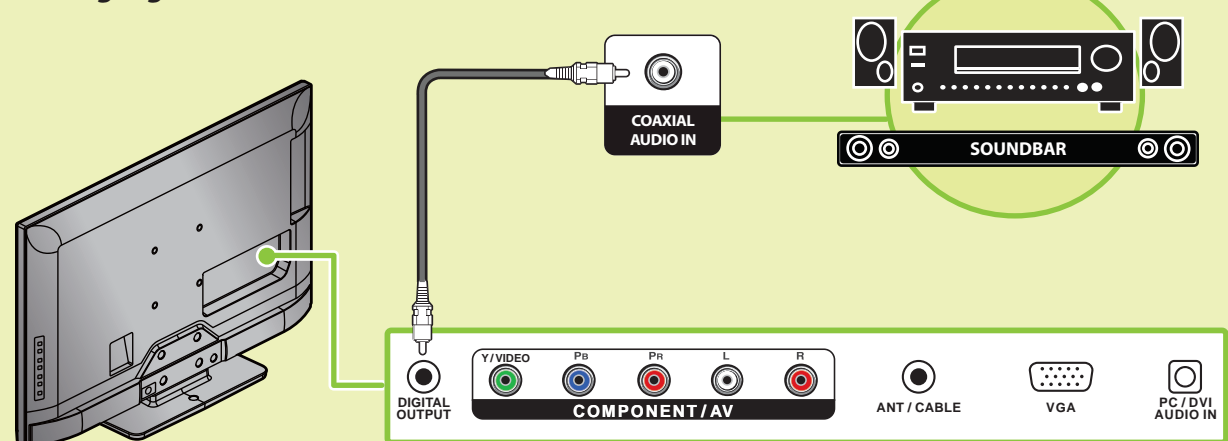

OVER

Before using your new product, please read these instructions to prevent any damage.

3 CONNECTING AUDIO DEVICES

How do I connect my TV to external speakers?

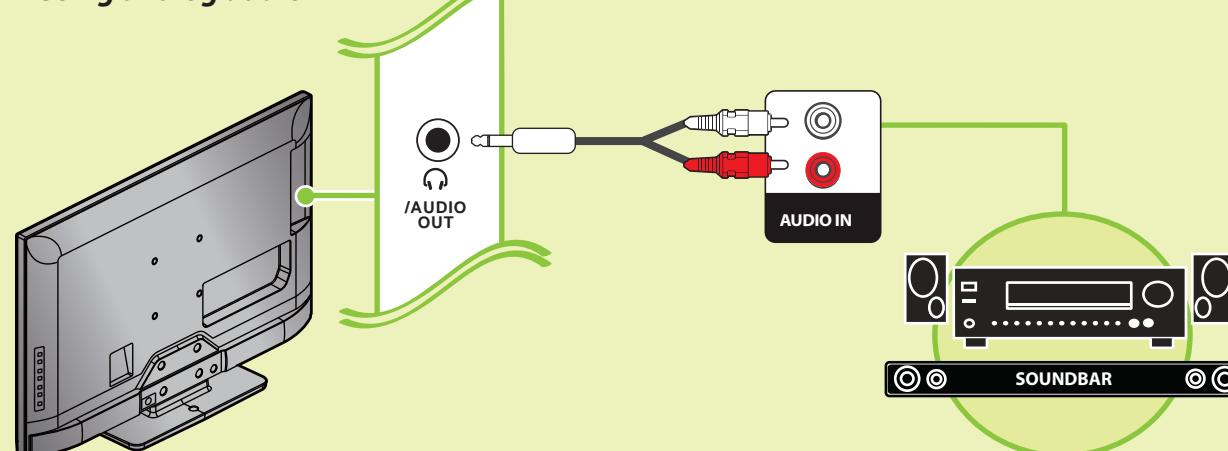

Using digital audio

Note: Refer to instructions that came with your speakers for more information.

- OR -

Using analog audio

Note: Refer to instructions that came with your speakers for more information.

4 TURNING ON MY TV

When can I turn on my TV?

The best time to turn on your TV is after you have attached the TV stand or wall-mounted your TV and connected all devices.

- 1 Plug the AC power cord into the **AC IN** connector on the back of your TV.
- 2 Plug the other end of the cord into a power outlet.

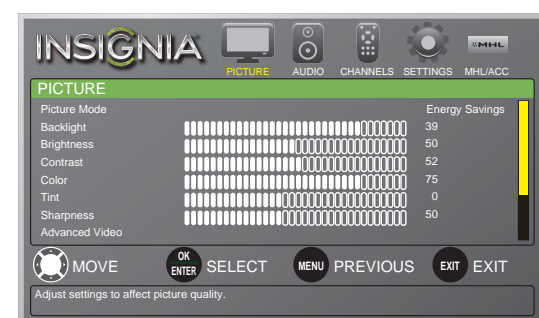

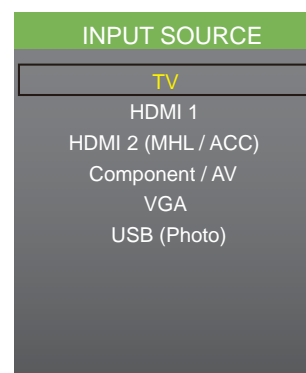

- 3 Install the remote control batteries.

- 4 Press (power) on your remote control.
- 5 Follow the on-screen instructions.

Using your remote control

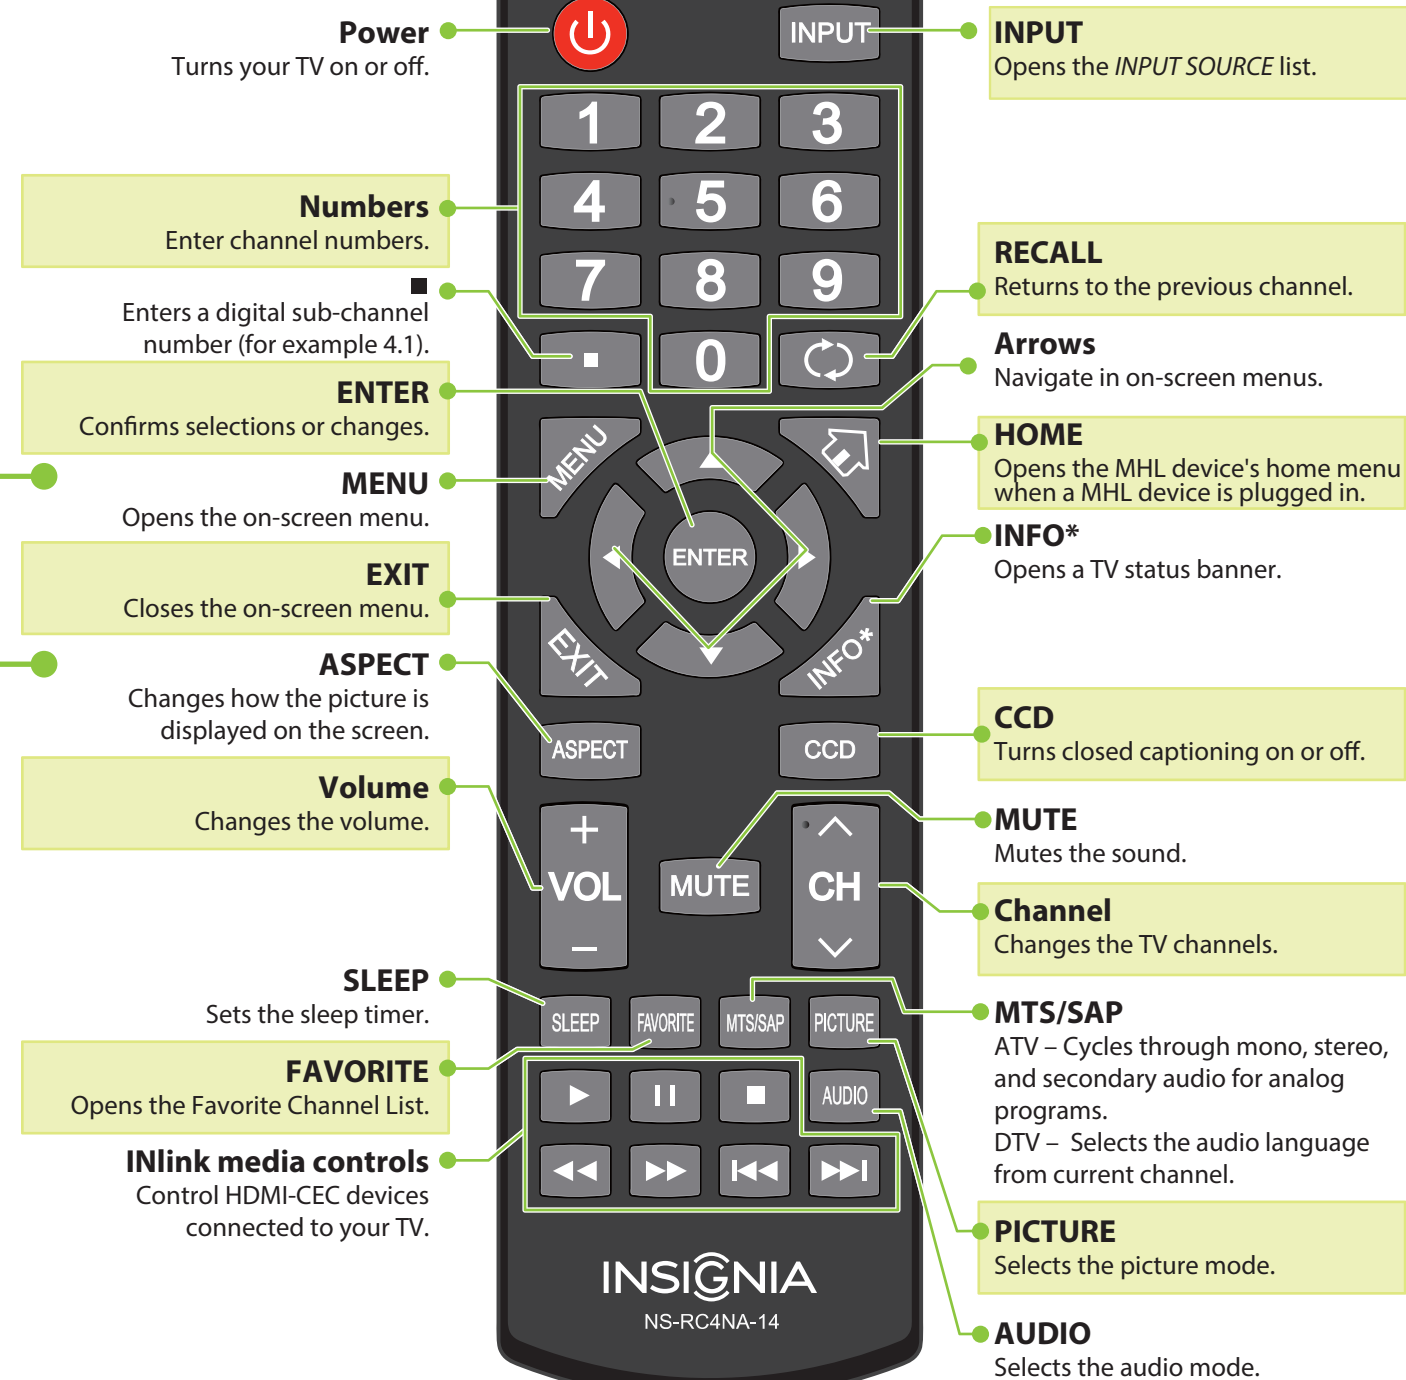

What are my screen-size options?

- NORMAL:** Displays the original 4:3 aspect ratio with vertical black bars on the left and right sides of the screen.
- ZOOM:** Expands the image to fill the screen. The top and bottom of the image may be cropped.
- WIDE:** Displays content recorded in a 16:9 (wide-screen) aspect ratio.
- CINEMA:** Stretches the image at the edges, but keeps a clear image in the center.
- AUTO:** Automatically adjusts the image based on the screen size and the TV program. Select this option if you are uncertain which aspect ratio to choose.
Note: Auto is only available when **Auto Aspect Ratio** in the **CHANNELS** menu is set to **On**.

I already have a universal remote control. How do I make it control this TV?

If you already have a universal remote control that you would like to program to work with your TV and don't want to use the included Insignia remote control, see the table for common codes.
