

Terms of use

The Tangem Ring features a durable ceramic surface. However, ceramic materials can fracture if dropped on hard surfaces.

To maintain the ring's appearance and structural integrity, avoid impacts and excessive force. Handle with care to ensure long-term durability and a pristine look.

1. Optimal performance between -25°C and $+50^{\circ}\text{C}$ (-13°F to $+122^{\circ}\text{F}$). Use the product with care and protect it from mechanical damage. Avoid extreme temperatures, strong electromagnetic fields, and other hazardous environments.

2. In case of product loss, theft, or physical damage, control over the relevant blockchain assets may be lost without the possibility of recovery. In any case, the manufacturer, seller, and importer shall not be held liable for the loss of any digital assets by the end user.

3. Products cannot be replaced if:

3.1. In case of faulty products — if defects were caused by:

mechanical, temperature, or other physical damage,

actions of third parties, force majeure, natural disaster, animal damage, etc.),

any alteration or repair attempt by the end-user or a third party other than the manufacturer.

3.2. In case of functioning products — If the wrong size is selected.

Warning!

Discontinue use if cracks appear. Never sign unknown transactions. Verify all details before confirming.

Specifications

Material: Plastic

Wireless standards: NFC

Product service life: 25 years

Replacement period: 25 years from the date of sale, subject to compliance with the terms of use

Certification information

EAL6+ and IP69K-certified product,
CE certified

Designed in Switzerland

Assembled in China

EU responsible person (EU regulatory contact only): eucomply OÜ,
Pärnu mnt 139b-14, 11317 Tallinn, Estonia
