

## LED Video Light RF-VIDLED1

QUICK SETUP GUIDE

### Package contents

- LED video light
- *Quick Setup Guide*

### Features

- Excellent for macro photography
- Adjustable brightness for customized control

1	36 LEDs
2	Power switch
3	Brightness controller
4	Battery compartment
5	Upper lock ring
6	Lower lock ring
7	Camera hot shoe mount
8	Multiple light expansion ports

### Installing your LED video light

- 1 Make sure that the upper lock ring is screwed tightly against the LED video light.
- 2 Unscrew the video light's lower lock ring to loosen it, then insert the camera hot shoe mount into the camera hot shoe.
- 3 Tighten the lower lock ring against the camera hot shoe.

### Using your LED video light

- 1 Install batteries (2 × AA) according to indications in the battery compartment.
- 2 Turn on the video light.
- 3 Turn the brightness controller to adjust the brightness.

### Combining multiple video lights

- Multiple video lights can be combined to provide increased illumination and to better control of video lighting effects.

### Attaching another LED video light

- Attach an additional LED video light by inserting its camera hot shoe mount into the expansion port of your existing LED video light.

## Specifications

DC power supply	3V (2 × AA batteries)
Power (max.)	1.3W
Color temperature	3000~3300K
Brightness (max.)	420 Lux (0.5m)
Brightness control	Variable (not stepped)
LED beads	36
Dimensions	2.75 × 3.5 × 1.49 in. (70 × 89 × 38 mm)
Net weight	2.89 oz. (82 g)

\*Product design and specifications are subject to change without notice.

## Important safety instructions

- Do not expose to high temperature or high humidity.
- Do not handle with wet hands, immerse in water, or expose to rain.
- Observe precautions when handling batteries:
  - Do not mix new and used batteries or batteries of different types.
  - Do not put batteries into a fire or apply direct heat to them.
  - Batteries are prone to leakage when fully discharged. To avoid damage to the product, be sure to remove batteries out when the product is not used for a long time or when batteries run out of charge.
  - Should liquid from batteries come into contact with skin or clothing, rinse immediately with fresh water.

## FCC Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Caution:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## ICES-003

This Class B digital apparatus complies with Canadian ICES-003; Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
