IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions

Should always be followed, including the following:

1. **READ ALL INSTRUCTIONS.**

2. To protect against risk of electrical hazards, do not immerse the Wonder chopper Ice Crusher in water or other liquids.

3. Unplug from outlet when not in use, before assembling or disassembling, and before cleaning.

4. Avoid contacting moving parts. Never place fingers or other utensils into feed or discharge areas.

5. The Wonder chopper Ice Crusher has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug will fit in a polarized outlet only one way. If the plug does not fit, contact a qualified electrician. Do not modify the plug in any way.

6. Do not operate the Wonder chopper Ice Crusher or any electrical equipment with a damaged cord or plug, or the unit after malfunctions, dropped or damaged in any manner. Return it to the nearest authorized service facility for examination, repair or adjustment.

2

7. When the Wonder chopper Ice Crusher is used by or near

children, close supervision is necessary.

8. Do not use outdoors.

9. Do not let cord hang over edge of table or counter, or touch hot surfaces.

10. Check feeder chute for presence of foreign objects before using.

11. Use only attachments that are included in the packaging of the Wonder chopper Ice Crusher. The use of other attachments may cause fire, **Electric** shock or injury.

12. Put this list in a safe place, do not discard.

SAVE THESE INSTRUCTIONS FOR HOUSEHOLD USE ONLY

OPERATION

1. Place the Ice Crusher (clear bowl) packed with the unit under the bottom opening of the ice crusher. Plug the unit in and set the **ON/OFF** power switch to the ON position. NOTE: Ice crusher will not operate unless Ice Container is secured into position.

3

cup of crushed ice per glass) Pour sangria over the ice in each glass . Garnish with fruit slices and serve immediately .

HOW TO CARE FOR YOUR ICE CRUSHER

1. **UNPLUG POWER CORD FROM OUTLET.**

2. Pour hot water through top feeder chute to rinse out after each use.

3. Wipe outside of ice crusher with a clean damp cloth.

4. **NEVER IMMERSE UNIT IN WATER.**

SUGGESTIONS AND RECIPES FOR USE

The Wonder chopper Ice Crusher is essential tool for everyday and special occasion entertaining, effortlessly crushing ice at the touch of a button.

Use crushed ice to create spectacular raw seafood bars and elegant cold-menu buffet displays. It ' s a great base for favorite icy desserts, and chills and adds a special touch to individual servings.

The ice crusher is also a must for any party-especially if you ' re serving a variety of mixed drinks. Prepare large pitchers of drinks ahead of time, then custom-crush ice as each order comes in. Your guests won ' t have to wait, and you ' ll have more time to party!

The Wonder chopper Ice Crusher puts a refreshing new twist on juices and juice blends, too. Everything tastes better and fresher poured over a cup of crushed ice.

For serving cold foods such as chilled soups, line a serving bowl with crushed ice and sprinkle the ice with rock salt to ensure

6

minimal melting. Then set the bowl of soup into the ice-lined serving bowl, gently pushing it down to maximize contact with ice.

To chill, display, and serve food at large buffets, crush enough ice to cover serving platters and place appropriate foods, such as shrimp, directly on the ice. Foods like crudités or fruit slices should be set on smaller plates or platters and displayed on beds of crushed ice.

When you are not placing food directly on ice, sprinkle the crushed ice with rock salt to minimize melting . One exception to this rule is shellfish . For a magnificent raw seafood bar , sprinkle rock salt on a bad of ice , then lay oysters , littleneck clams , cracked lobster , cracked crab , and other shelled seafood directly on the ice . **NOTE** : Shrimp should not be placed on ice with rock salt .

NOTE : One cup of cubes makes approximately 3/4 cup crushed ice .

7

RECIPES

** Please note that the drink recipes are all based on a 10- to 11-ounce glass capacity

SIMPLE SYRUP

This liquid sweetener can be found in several of the following recipes . It will keep covered in the refrigerator for 2 weeks .

Makes 3 1/2 cups

2 cups granulated sugar

2 cups water

Place sugar and water in a saucepan over medium high heat .

Bring to a boil and allow to boil for a minute until all sugar is dissolved .

Transfer to a heatproof container , allow to cool , cover and keep in refrigerator .

WATERMELON AGUA FRESCA

This refreshing cooler is perfect on a hot summer ' s day .

Makes four 6-ounce servings

4 cups fresh watermelon , cubed

3 teaspoons fresh lime juice

3 teaspoons fresh mint , packed

3/4 cup sparkling water

for garnish : mint sprigs
