Key Features

Web Description

Acer Chromebook Spin 15 Convertible Laptop, Pentium N4200, 15.6" Full HD Touch, 4GB LPDDR4, 64GB Storage, CP315-1H-P1K8

Versatility Meets Fun

Spin your way to amazing versatility with Acer's touch Chromebook Spin 15. This handy machine quickly transforms into anything you need it to be— a Notebook, stand-up Display, Tent or Tablet—thanks to its special 360° Dual-Torque Hinge. Take it anywhere and use it everywhere! It features a Full HD display and a wide-angle view Webcam—supporting HDR imaging—that enhances face-to-face chats and video conference experiences. Get the best of Google, more than 2 million Android apps, Gmail, Maps, Docs and Pics—and back up all your files safely in Google Drive! Whatever your need, this ultra-portable design meets the rigors of daily life—inside and outside the classroom!

Features

The Right Mode for the Right Moment

With four modes to choose from, finding the right fit for your needs has never been easier. The 360° dual-torque hinge design offers the user a wobble-free, optimized touch experience.

Notebook Mode

Maximizes productivity with full functional keyboard.

Display Mode

Brings the screen closer for enjoying any entertainment content.

Tent Mode

Perfect in a narrow space like on an airplane or viewing a recipe in the kitchen.

Tablet Mode

The best way to browse the Internet, play games or share information.

The Best of Chrome All-Day

This Chromebook starts fast and stays fast. It's easy to use, backs up your files online, has virus protection built in, and keeps going so you can too. With an incredible battery life of up to 13 hours, stay out for the day and return home with time left to spare.

Make Media Number One

Watch what you love in all its clarity and from wide-viewing angles on the 15.6" Full HD IPS touch display. Whether video conferencing or chatting with friends in Google Hangouts, you will be seen clearly with the HDR Webcam and won't miss any details with 88° wide viewing angle.

Android Apps from Google Play

No more buying and installing software. In addition to the apps in the Chrome Web Store, you now have full access to more than 2 million of Android™ apps from the Google Play Store that can help you do everything from work to play.

Upward-facing Stereo Speakers

Dual upward-facing audio speakers enable a captivating sound experience. Movies come to life, songs have more depth, and games are even more engaging with immersive audio.

Fast and Functional

Next generation 802.11ac 2x2 delivers the fast speed you need for the web while two USB 3.1 Type-C Gen 1 ports provide ultra-fast transfer of power, data and hi-res display output on each port.

Sync Automatically

Use the offline versions of Google apps when Wi-Fi isn't available and your information will automatically sync when you're back online.

(1) Overall system performance is based on several PC attributes. GHz, processor clock speed, is one of the attributes. Intel Burst Technology performance varies depending on hardware, software and overall system configuration.

(2) Shared system memory may be allocated to support integrated graphics depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of shared system memory utilized by the graphics solution and resources required by the operating environment.

(3) MB is 1 million bytes; GB is 1 billion bytes; TB is 1 trillion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer eRecovery Management utilizes up to 8GB (10GB with Microsoft® Office Starter 2010 Trial) of the stated hard disk capacity as dedicated backup space.

(4) Battery life varies depending on product specifications, computer settings, and applications or features launched.

(5) For a free copy of the standard limited warranty end-users should see a reseller where Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503. TFT displays commonly exhibit a small number of discolored dots, so-called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For International travelers warranty Valid only in countries where Acer has an authorized repair facility. For a list of those countries go to <http://global.acer.com/support/itw.htm>, or call 800-816-2237. Services and response times may vary in countries outside the U.S. and Canada
