ELEPHANT IN A BOX

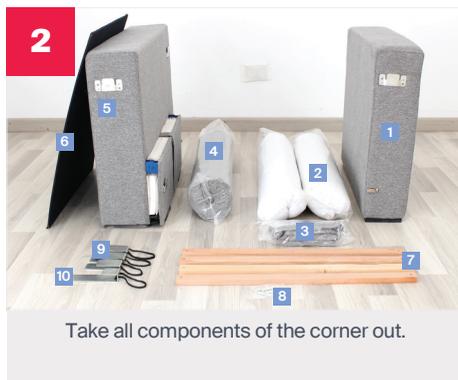

CORNER EXTENSION SET-UP INSTRUCTIONS

INSIDE THE BOX YOU WILL FIND:

- Separate armrest
- Back pillows (2 pieces)
- Back pillow covers (2 pieces)
- Seat cushion
- Corner extension body
- Seating pad
- Wooden beams (4 pieces)
- White screws (8 pieces)
- Small clamps (3 pieces)
- Large clamp

Open your Elephant corner extension.

Take all components of the corner out.

Open the belt.

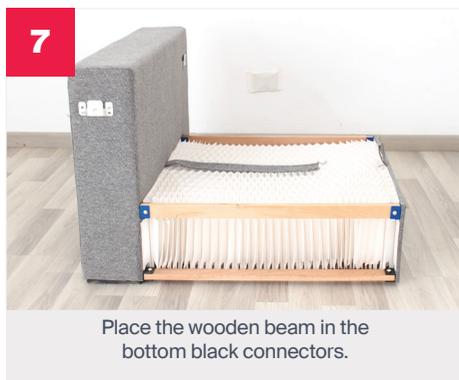

Extend the honeycomb horizontally.

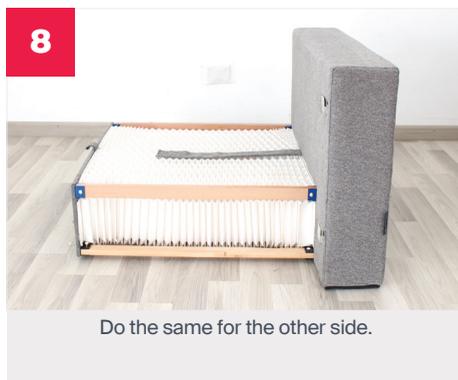

Place the wooden beam in the blue connectors. Insert the screw to keep it in place.

Do the same for the other side.

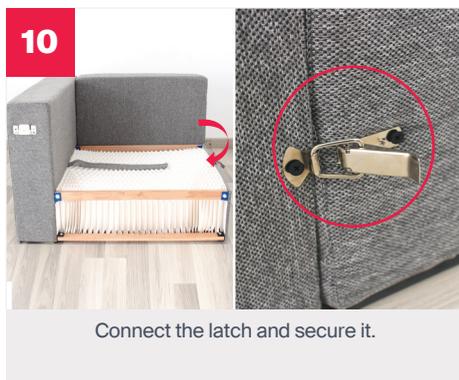

Place the wooden beam in the bottom black connectors.

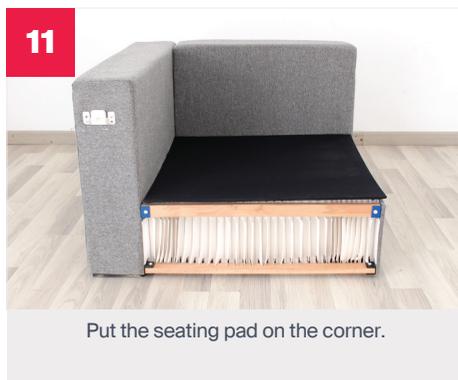

Do the same for the other side.

Connect the armrest to the corner extension by placing it from upside down, using the direction of the 2 fork connectors.

Connect the latch and secure it.

Put the seating pad on the corner.

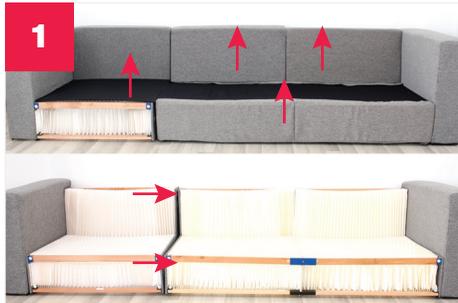

Place the seat cushion as shown.

ELEPHANT IN A BOX

CONNECTING THE CORNER TO A SEAT/SOFA

TO CONNECT A SEAT EXTENSION:

Take all the padding out. Then place the corner extension beside the sofa. Make sure that they are aligned.

Insert the small clamp (component #9) into the upper connectors as shown.

Insert the large clamp (component #10) into the bottom connectors as shown.

Make sure to remove all the padding before inserting the armrest.

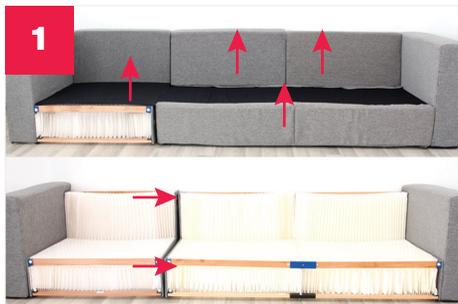

Place the armrest back to the seat extension as shown to make the L-5 sectional. Put back the paddings and cushions.

Now you are ready to enjoy your Elephant!

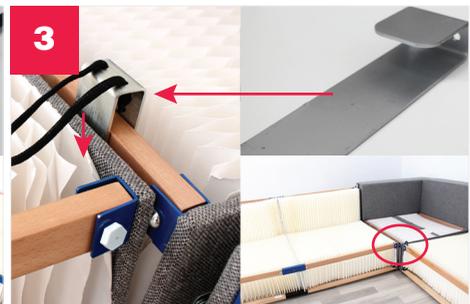

TO CONNECT TO ANOTHER SOFA:

Take all the padding out. Then place the corner extension beside the sofa. Make sure that they are aligned.

Insert the small clamp (component #9) into the upper connectors as shown.

Insert the large clamp (component #10) into the bottom connectors as shown.

Make sure to remove all the padding before inserting the armrest.

Place the armrest back to the other sofa as shown to make the L-7 sectional. Put back the paddings and cushions.

Now you are ready to enjoy your Elephant!
