What can I do with this system?

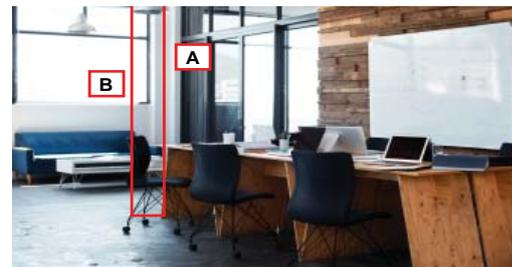

View close up

with powerful zoom & images 2.4x clearer than 1080p

Smarter security

Know what's happening with smart software analytics

Line Crossing Detection

You can draw a line on the screen & set recording to start if an object crosses that line in the direction you decide. Useful for doorways, windows, business entrances & garages.

Video Tampering Alerts

Any security system or camera can be vulnerable to vandalism. Cut the cost of crime with video tampering detection so that if someone covers up a camera or attempts to disable or tamper with your video signal, you can program the DVR to begin recording or send you an alert.
