FALLOUT 76 + YETI - BLACKOUT

Blue has teamed up with Bethesda® to bring you the Yeti + Fallout 76 Bundle. Yeti is the gaming industry's #1 premium USB microphone, and delivers unparalleled depth and clarity to your Twitch® streams and in-game communication. Together with the highly anticipated multiplayer action role-playing game, Fallout 76 (PC Download), a $60 value*, this bundle gives you everything you need to game and sound like a pro.

Fallout 76 is the online prequel where every surviving human is a real person. Work together, or not, to survive. Under the threat of nuclear annihilation, you'll experience the largest, most dynamic world ever created in the legendary Fallout universe.

$60 VALUE
PC Digital Standard Version
Valid only in NCSA through October 9, 2019.

FALLOUT 76 + YETI - BLACKOUT

- **Fallout 76 (PC Digital Standard Edition)**
- **Blackout Yeti USB Microphone**
- **Gain control, mute button, zero-latency headphone output**
- **Tri-capsule array—three condenser capsules inside can record and stream any situation**
- **Plug 'n play —PC and Mac compatible**
- **Perfect for Twitch streaming, podcasting, voice overs, interviews, Skype®/VoIP calls and music recording**

THE WORLD'S #1 USB MICROPHONE

Produce studio-quality streams and recordings with the Yeti USB microphone from Blue. Yeti's proprietary tri-capsule technology and four pattern settings deliver unparalleled sound for gameplay streaming and recording podcasts, vocals, instruments and more. And the total blackout finish adds style and energy to your recording or game streaming setup. With plug 'n play operation and simple controls for headphone volume, pattern selection, instant mute and microphone gain, Blackout Yeti is the most intuitive and versatile USB mic on the market today. Whether you're creating at home, on the road, or in the Himalayas, Blackout Yeti carries your projects to studio-quality heights.
