Intelligent Home Solutions

iSB02

Wi-Fi Battery Powered Dual Leak Sensor

Get instant alerts to leaks in your home or business! Helps you avoid expensive leak damage and repairs. Unique battery powered Wi-Fi Sensor design allows discrete sensor placement and mounting. Dual sensor probe (located on sensor body and on 6 foot sensor probe) is like having two leak sensors in one. Conveniently locate leak sensors without wires anywhere in your home or business, near sinks, toilets, hot water heaters, washing machines and more.

Create triggers between the iHome Control iSB02 leak sensor and iHome SmartPlugs (sold separately) to turn on lights, fans and other connected appliances when leak is sensed.

Monitor Features

- Dual leak probe feature. Leak probe on bottom of sensor and on extra long 6 foot sensor probe allows for flexible placement of leak sensors.
- Easy single button set up
- Works directly with your Wi-Fi network (no hub required)
- Use under sinks, by washers, toilets, hot water heaters, doorways and more
- Remote home monitoring. Set push notifications to your mobile devices for early alert of leaks in your home or business.
- 24/7 intelligent monitoring from anywhere with internet access

Additional Features

- Adhesive strip included for flexible mounting
- Dual color LED status indicator
- Clean contemporary design
- IPX4 rated water resistant
- Loud buzzer notification

Package contents:

- iSB02 Dual Leak Sensor
- 2 AA battery
- Cable floor mount clasp
- 3M adhesive strip
- Quick start guide
