

OR24SDMBGX2 24" Gas Range

This freestanding range combines the convenience of a gas oven with the control and precision of an integrated four burner gas cooktop. A fresh, clean look reflects the latest design philosophies from Europe, featuring refined control knobs and easy to follow icons on a simple designer control panel.

Brushed Stainless Steel with black glass

Dimensions

Depth	24 3/32"
Height	A 35 7/16 - 36 7/32"
Width	B 23 7/8"

Features & Benefits

Precise Control

Generous metal control dials with a simple, functional interface are positioned on a full stainless steel control panel for precise control over cooking temperatures.

Perfect Results

The oven has four essential functions including bake, broil and convection bake while the cooktop features five burners that can do everything from a gentle simmer to wok cooking. Together in one compact range, these deliver perfect results whatever you are cooking.

Sized to Suit

The 24" Range has a useable 1.9 cu.ft oven capacity with a shelving system that allows ample space for larger meals.

Easy Cleaning

Cleaning is quick and simple. The cooktop is easy to clean as it is made from a single piece of stainless steel that contains spills. The oven door and its inner pane of glass can be removed for easy cleaning.

Safe and Sound

Double-glazed doors in the oven help keep the heat where it needs to stay and flame failure protection in the oven and cooktop provides an extra safety feature. Streamlined cast iron trivets on the cooktop let you slide pots and pans without lifting them.

Designed to Match

Designed using premium quality materials and built to last, the black reflective glass and stainless steel blend balanced aesthetic with design for durability.
