Trim, edge and shave any length of hair

Designed to cut hair, not skin

Philips Norelco OneBlade Face + Body trims, edges and shaves any length of hair. You get a blade for your face, one with a skin guard for your body, and a body comb. Forget about using multiple tools. OneBlade does it all.

Comfortable shave

- Unique OneBlade Technology
- Click-on skin guard for sensitive areas

Even trim

- Easily trim in any direction (3mm)

Easy to use

- Durable OneBlade

Highlights

Unique OneBlade Technology

The Philips Norelco OneBlade has a revolutionary new technology designed for facial styling and body grooming. It can trim, edge and shave any length of hair. Its dual protection system – a glide coating combined with rounded tips – makes shaving easier on your skin. At the same time, its shaving technology features a fast-moving cutter (200x per second). This unique combination gives you a shave that's both efficient and comfortable – even on longer hairs. OneBlade doesn't shave as close as a traditional blade – so your skin stays comfortable.

Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace each blade every 4 months*. Replacement is easy and hassle free.

Click-on skin guard

Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb

Attach the body comb (3mm) for an easy trim in any direction.
