ALLY™ Plus
Whole Home Smart Wi-Fi® System

Smart, Safe, Secure Wi-Fi for Your Entire Home

Secured by AVG.

Limit What Kids See & Schedule Online Time

Get Online from Any Room & Roam Where You Wish
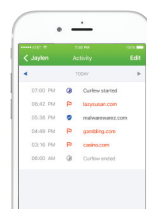

Protect Your Network from Harm

The App
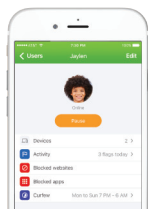

Internet-free moments
Set individual Wi-Fi schedules for each child or pause the Internet during homework or dinner time.

Your custom Internet
Manage what your kids can see online by blocking or limiting access to content, websites or apps.

Activity reports
See a report of your kids' online activity so you can keep a tab on what they are up to.

Secured by AVG®
Protect the devices on your network from malware and phishing attacks by blocking harmful websites.

The Performance

With specially designed technology, ALLY blankets every nook, cranny and corner of your home with powerful Wi-Fi. Seamless roaming means you can move from one room to another — even outside and back — with no fear of dead zones or interruption.[5] And ultra-fast, AC1900 Wi-Fi means everyone in your family can actually stream HD and 4K videos and games on multiple devices at once — with no buffering delays.[3]
