### Voice Controlled Navigation

Just say the word to instantly get turn-by-turn directions to your destination.

### 100% Hands-Free Calling

Call anyone in your address book without taking your eyes off the road or hands off the wheel.

### Stream Music

Just say "Hey Google" to request a song and enjoy your music while you drive.

### Noise Cancellation

An advanced mic array with noise and echo cancellation technologies ensure the Google Assistant hears you clearly on the road.

### Broad Compatibility

Bluetooth and AUX connectivity options make it easy to connect Roav Bolt to your car.

### Simultaneous High-Speed Charging

Dual USB ports equipped with Anker's patented PowerIQ rapidly charge any device.
