

FLEX 14"

UNLEASH YOUR CREATIVITY

Meet the Lenovo™ Flex 14, a stylishly compact 14" convertible packed with features that will make the absolute most of your entertainment and creativity: premium Intel® Core™ processing and security options, Active Pen support, and dazzling visual and audio clarity for all of your multimedia needs.

WHY YOU SHOULD BUY LENOVO FLEX 14

Flexible & Adaptable Just like you

Featuring polished aluminum surfaces and a 360° hinge that effortlessly transitions from tablet to laptop mode and back, the Flex 14 is as stylish as it is adaptable. And at 3.67 lbs, you'll be able to bring it anywhere the day takes you.

Think it, ink it

The Lenovo Active Pen (available separately) features pin-point accuracy and palm-rejection technology, providing the natural feel of a pen-on-paper writing experience. Use it with Windows Ink, found on the Flex 14 taskbar, to turn thoughts into action.

Lenovo™

Like a portable home theater

Settle in for a movie—you'll see every frame in crisp detail on the Flex 14's wide-angle FHD display, edged with narrow bezels and featuring 250 nits brightness. Your sound will pop too, with the virtual surround sound experience of Harman Speakers optimized with Dolby Audio™ Premium.

Get a boost

The latest generation of Intel® Core™ i processing offers up to a 40% performance boost with unprecedented touchscreen and pen responsiveness, faster bootups, and seamless multitasking.

* Software and workloads used in performance tests may have been optimized for performance only on Intel® microprocessors. Performance tests are measured using specific computer systems, components, software, operations and functions. Any change to any of those factors may cause the results to vary.

¹ All battery life claims are approximate and based on test results using the MobileMark® 2014 ver 1.5 battery life benchmark test. Actual results will vary, and depend on numerous factors including product configuration and usage, software, operating conditions, wireless functionality, power management settings, screen brightness and other factors. The maximum capacity of the battery will naturally decrease with time and usage. See <https://bapco.com/products/mobilemark-2014/> for additional details.

² Power-off mode; requires 65W power source.

LENOVO SERVICES

Warranty Upgrades – On-site/In-Home Service
Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection
Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions
(1-to-3 Years Total Duration)
This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
