OM-D E-M10 Mark III

Never stand still

Take up the new OM-D E-M10 Mark III and share your experiences of the world in sharp pictures and videos.

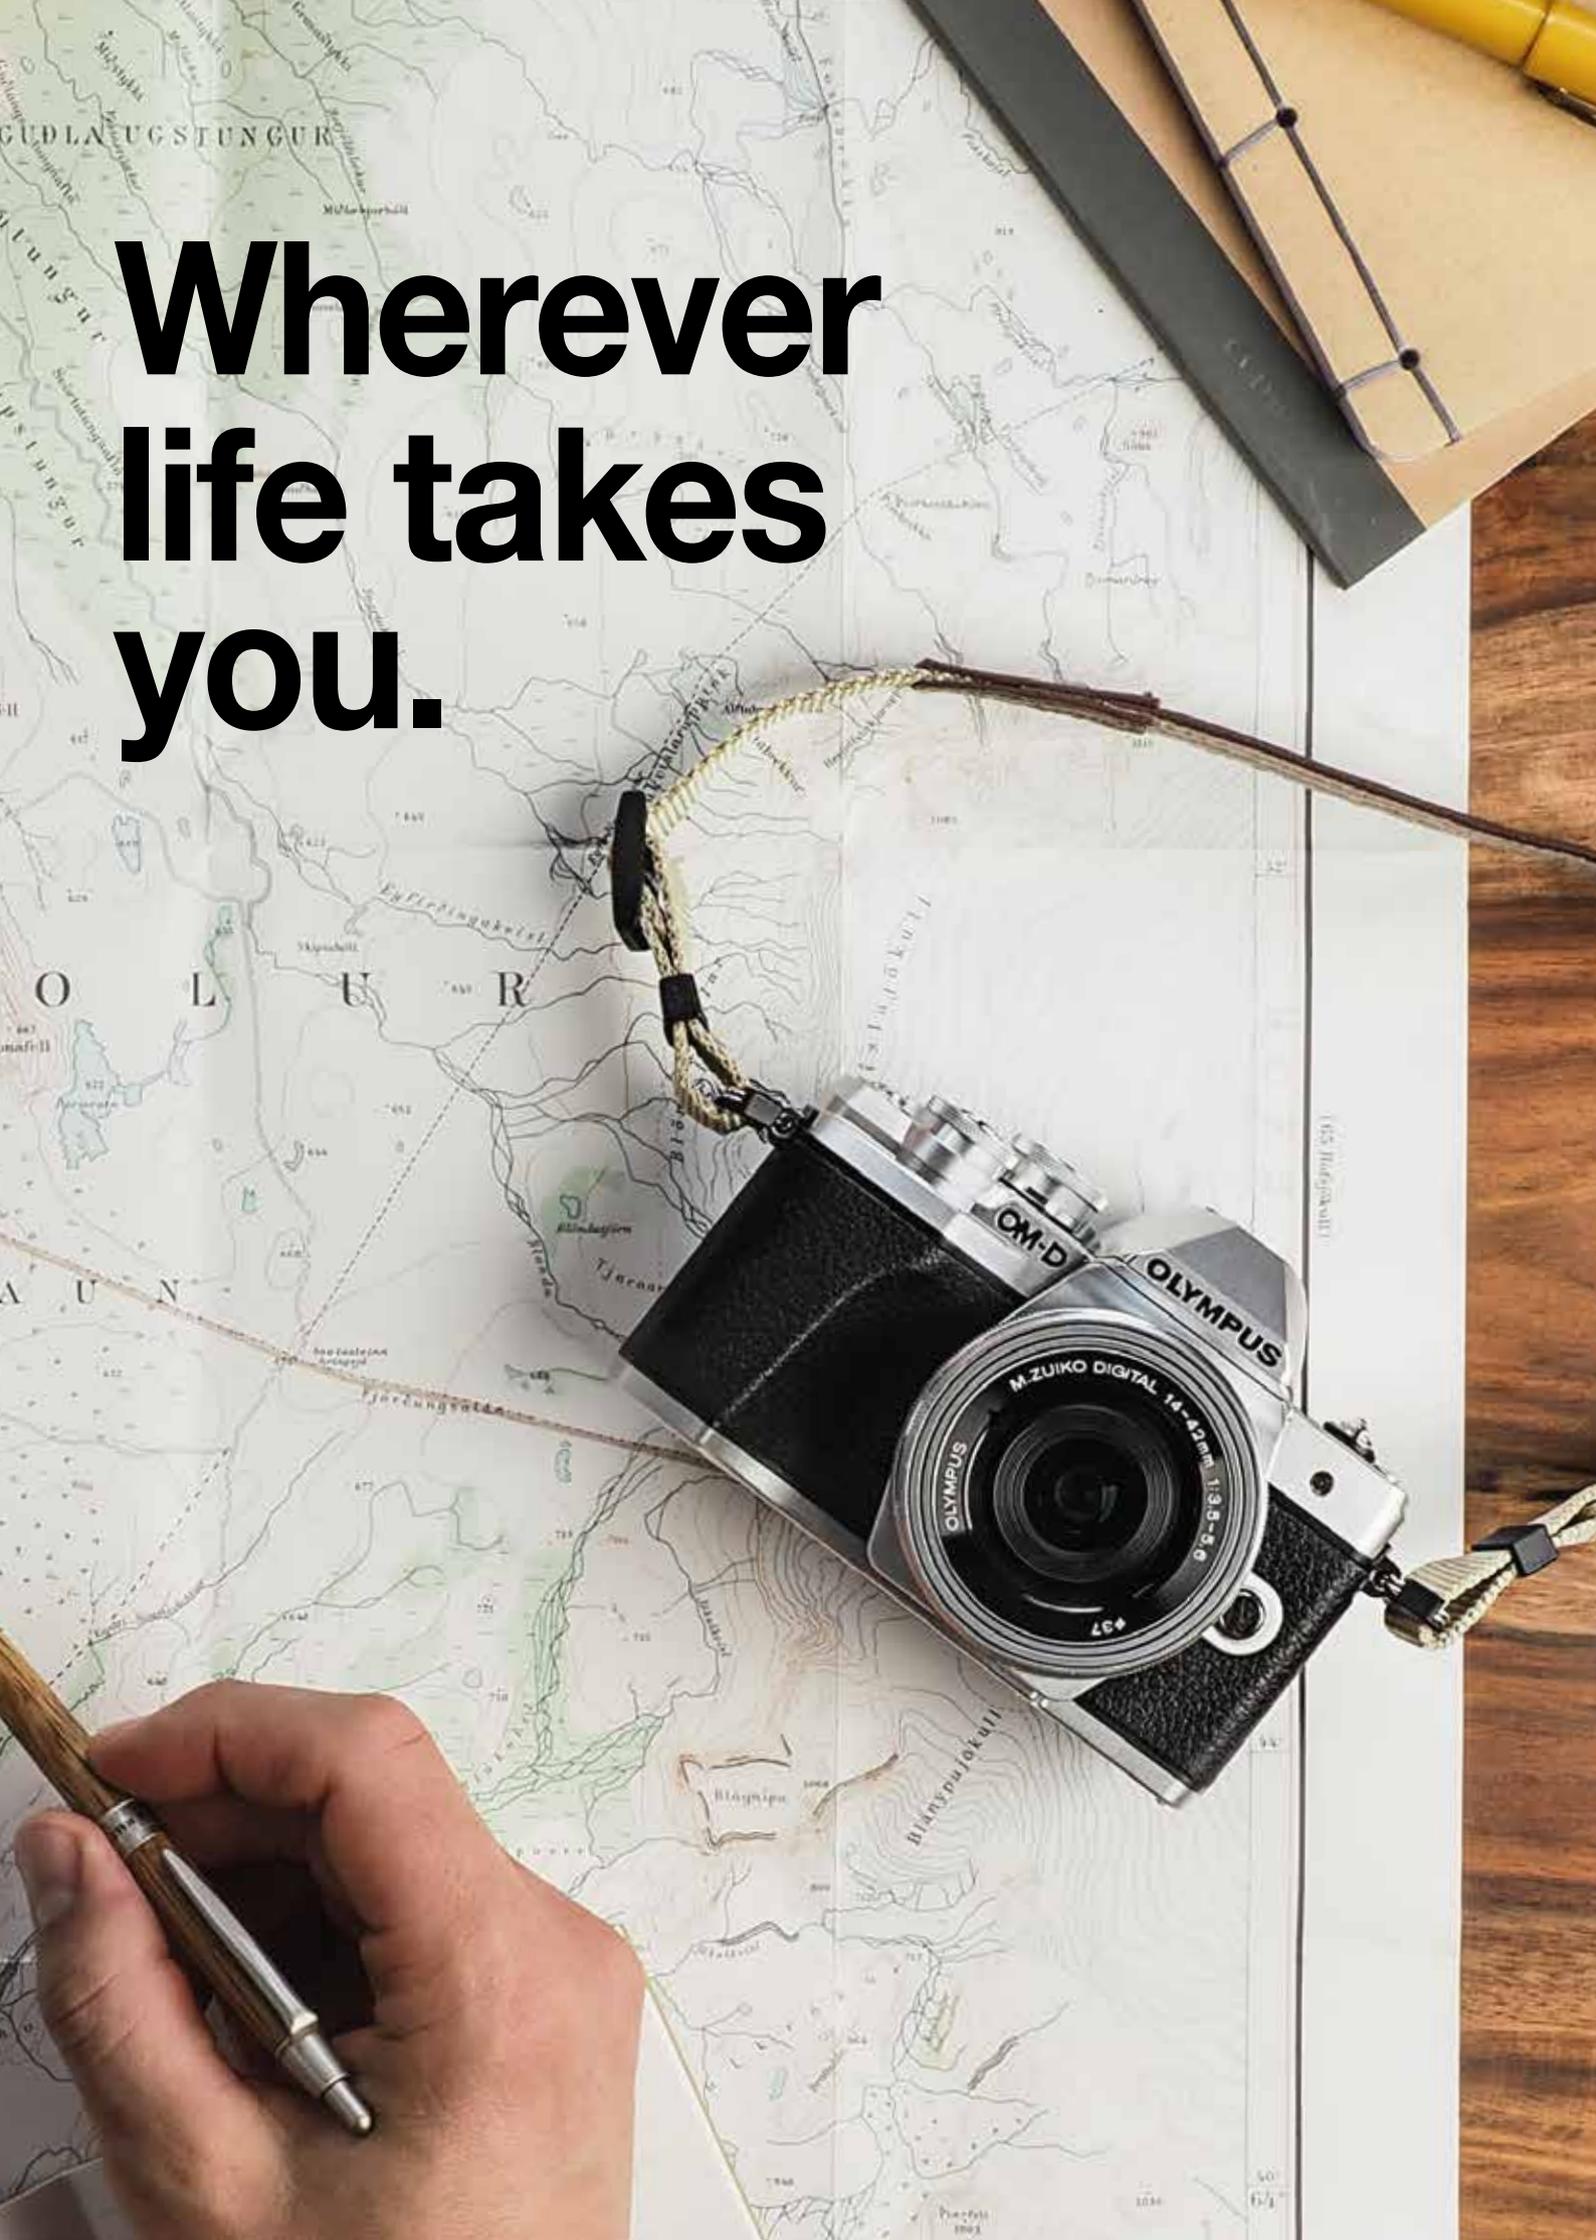

Memories of breathtaking landscapes, urban cityscapes, fascinating sights around the world – capture them all in awe-inspiring quality at the touch of a button. The lightweight OM-D E-M10 Mark III is ready for your life everywhere you go, in a modern-classic style that will set you apart from the rest.

#neverstopthejourney

**Wherever
life takes
you.**

Look great.

Once you get your hands on the OM-D E-M10 Mark III's timeless design, you'll never want to let it go. The refined grip and classic lines make this camera a handsome tool you'll enjoy using.

Travel light.

With the OM-D E-M10 Mark III, there's no need for you to worry about your equipment weighing you down. Just slip it over your shoulder and effortlessly take it along wherever you choose to travel.

Wherever life takes you.

Intuitive.
Full stop.

Get your sights on it.

Live your life to the fullest, with a beautiful camera that fits your lifestyle – the OM-D E-M10 Mark III.

It fits in the palm of your hand and yet gives you so much more than other cameras: an ergonomic hold and easy features that are intuitive to use, to make your memories really stand out.

Get the best angles.

Why settle for just one shot of the perfect scene? Easily capture it from any kind of tricky angle using the tilt touchscreen LCD. Creative control is yours.

Make photography easier.

Enjoy the moment and let the OM-D E-M10 Mark III capture it in clear, crisp quality. The AUTO mode adjusts all the settings for the situation with precision, so you can shoot carefree.

Set the scene.

Let the OM-D E-M10 Mark III do the work of making the settings for you. You choose the scene in SCN mode – like Portrait or Night Shot – and the camera will deliver amazing pictures.

Go further.

There are no limits to how far you can go with the OM-D E-M10 Mark III. Freedom of creativity is yours with a range of manual modes giving you full control over the final image.

Let the artist
in you out.

Atmosphere.

Give your photos and films a glossy feel or
nostalgic touch with Bleach Bypass.

Expression.

Make any scene more dynamic, with brighter and vivid colours, using Pop Art.

Surreal.

Get creative with Cross Process, which delivers images like you've never seen before.

Vintage.

Revel in the warm sepia cast of the early photography using the Vintage Art Filter.

**Always
with the
right camera.**

Raise the bar.

Why settle for second best with other cameras when you can have the brilliant image and video quality your memories deserve with the OM-D E-M10 Mark III? It has everything you need.

Shoot effortlessly.

Keep moving, go nearly anywhere you like – 5-axis image stabilisation will hold the pace. It makes sure your shots are pin-sharp while you are in motion, day or night.

Go for motion.

Leave the tripod at home. Film any moment freestyle in cinema-like quality thanks to the built-in 5-axis image stabilisation and capture even the smallest details in 4K quality.

Be ready
for action.

Prefer only the best.

Your new OM-D E-M10 Mark III is more than just beautiful.

It's designed to give you a great user experience. With two top dials for easy setting adjustment, in addition to an arrow pad or touchscreen use.

Snap at a tap.

Follow the action through the LCD as you normally would – using Touch AF shutter to snap the exact, perfect moment is as easy as choosing the area of focus and then tapping the screen.

Choose to want more.

The more the merrier – especially when it comes to autofocus precision for getting really sharp pictures. The OM-D E-M10 Mark III uses an amazingly high 121 AF points to do just that.

Faster is better.

Fleeting moments, split-second action – capture them carefree with the OM-D E-M10 Mark III. Its high-speed sequential shooting makes it possible.

Clarity in action.

Because life isn't a show that you can direct, there's Continuous AF. It keeps the focus on your moving subject at all times.

Perfect portraits.

Make sure everyone looks their best when you post their pictures. Face Priority and Eyes Detection let you get better portraits.

An aerial night view of a city skyline, likely Hong Kong, featuring numerous illuminated skyscrapers and light trails from traffic and long-exposure photography. The scene is dominated by warm yellow and orange lights from buildings, contrasted with cooler blue and purple tones from the sky and light trails. The architecture is dense and modern, with a prominent tower on the left and a distinctive diamond-shaped structure on the right.

Creativity has no limits.

There are virtually no limits to how creative you can be, how far you can go to capture special photos. The OM-D E-M10 Mark III with AP mode is all you need.

Dynamic scenes.

When you go for HDR photography, you are opting for more depth and dynamics with natural light – perfect for landscapes.

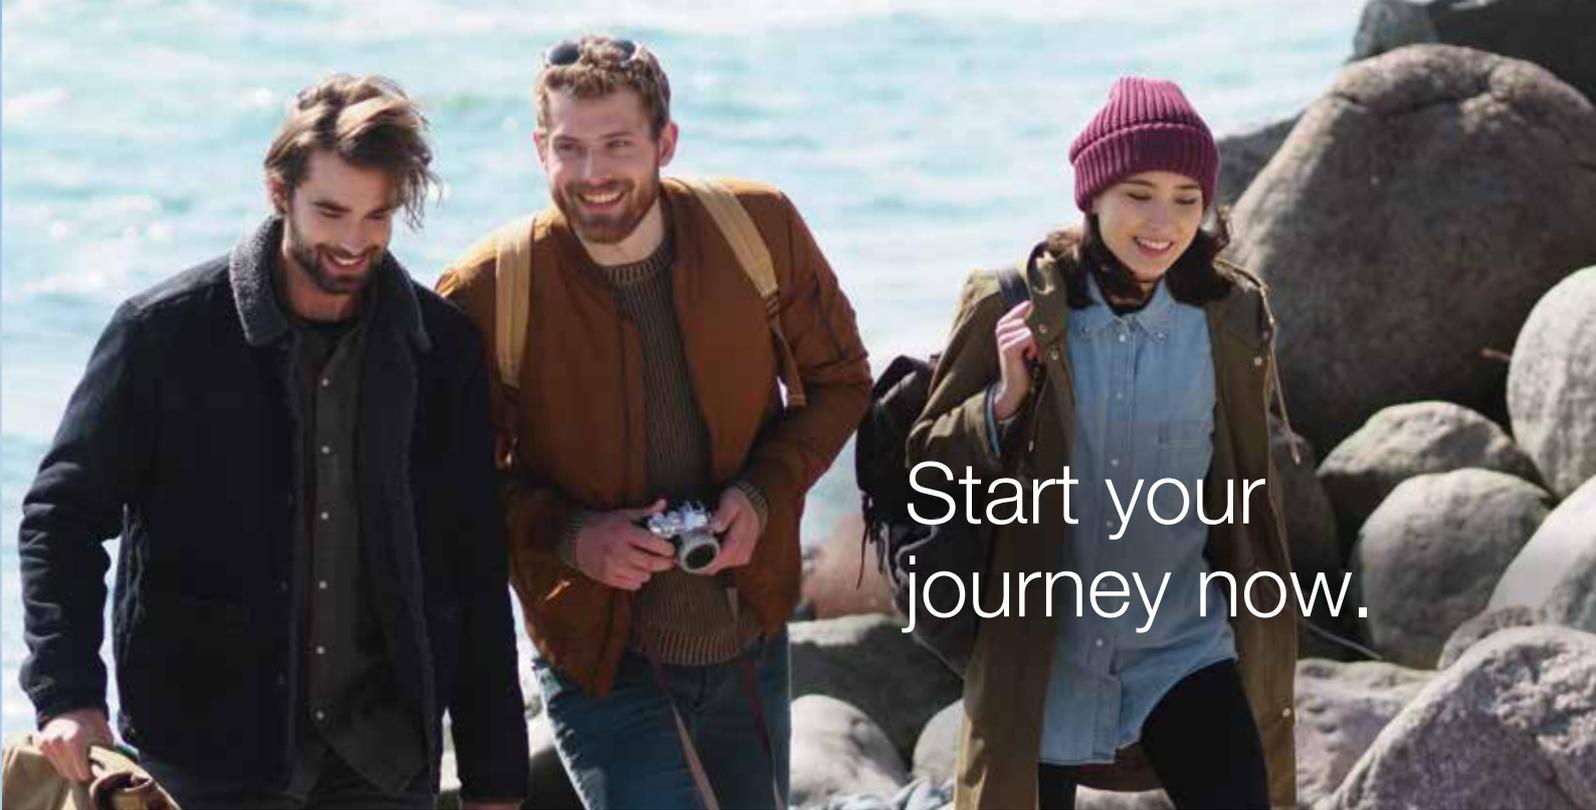

Immersive shots.

Be a photo deejay with Multiple Exposure shooting and create fascinating multi-exposure pictures.

Connect
with the
world.

Start your
journey now.

Enhance as you like.

Use different filters and creative settings to make your shots as unique as you are – with the OI.Palette app for editing and enhancing on your smartphone.

Go wireless.

Connect the OM-D E-M10 Mark III to your smartphone for easy remote control of the camera and easy sharing of your pictures in your social network via the free OI.Share app.
