## 1/4" CMOS COMMERCIAL CAMERA WITH NIGHT VISION

Works with most commercial vehicles

### PCAM-IRC2

Protect your fleet in any lighting conditions with this versatile, durable 1/4" CMOS commercial night vision camera.

Equipped with 18 bright LEDs and night vision capabilities, this durable 1/4 CMOS camera is designed especially for the rigors of commercial driving. Functional even in pitch black conditions, an IP68 waterproof rating ensures its resistance against the elements. CMOS sensors offer superior resolution for a crystal clear image of a commercial vehicle's surroundings, making it easier and safer than ever before for your drivers to get where they need to go.
