## RENOGY AURA 100 MONOCRYSTALLINE SOLAR SUITCASE

The Aura 100 Watt 12 Volt Monocrystalline Solar Suitcase is the ideal choice – incorporating a solar panel and wiring into a single compact package with a protective case! This unique unit is a non-permanent solar solution and comes with adjustable aluminum legs that allow you to tilt the panel for maximum sun coverage. Easily top off your batteries while camping or boondocking without fear of a sudden drizzle. When it's time to pack up and go, fold up the panel, place it back inside its protective case, and tuck it away until the next time you need it. For a convenient, non-permanent way to charge on the go, get a solar suitcase to power your next trip!
