Rosetta Stone®

DISCOVER THE ROSETTA STONE DIFFERENCE

» **Phrasebook:** Listen to and learn to speak key phrases used in real-life situations.

» **Audio Companion:** Extend your learning experience to where 'speaking' is not possible or desirable.

» **Stories:** Allows learners to perfect their pronunciation by reading aloud a full story and comparing their voice to that of a native speaker.

» **Web Application:** The new look and feel of the web application aims to improve the user experience of all learners through better navigation and parity.

» **Native iOS and Android Mobile Experiences:** Our mobile applications offer users an intuitive learning experience to help them immerse themselves in the curriculum.

» **Exclusive Bonus Feature for 24-Month Subscription:** Download the full course on your PC or Mac so it's yours to keep forever. And enjoy 24 months of online access and the ability to track your progress on any mobile device, computer or web browser—for maximum flexibility.

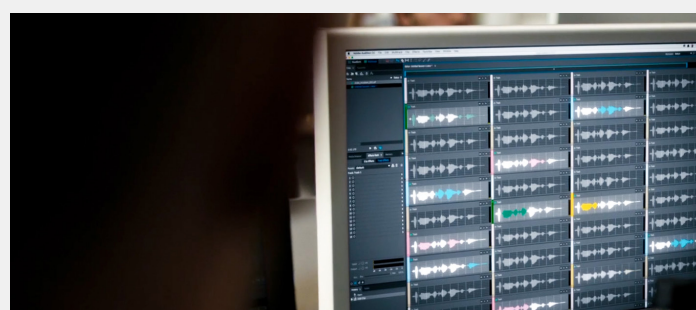

For more than 25 years, Rosetta Stone has been helping people all over the world find their voice through its innovative language learning programs.

A recognized leader in the language learning space, Rosetta Stone pioneered the use of interactive software to accelerate learning a language and has helped millions of people around the world – at home, in the classroom and in the workplace, achieve their learning goals.
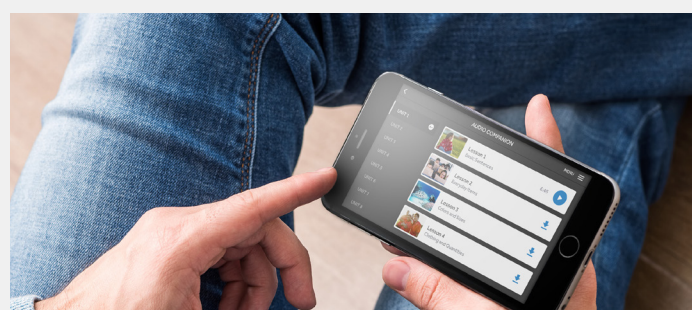

A PROGRAM BUILT FOR YOU

Get your learning off to a great start with our intuitive first time user experience that introduces all the different features of the program.
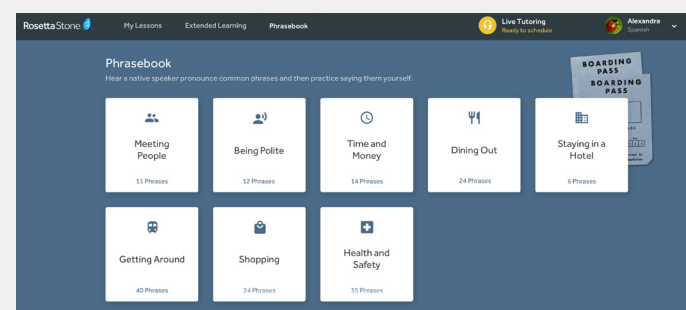

» **Learn core language skills:** speaking, reading, and listening.

» **Practical training:** Learn to think and speak on your feet with lessons based on everyday scenarios.

» **Speak accurately:** Our patented speech recognition technology—TruAccent— checks your speech a 100x's a second to make sure your pronunciation is on par with the native pronunciation and helps you correct it, allowing you to speak more authentically.

LANGUAGE LEARNING THAT WORKS

» **Not confined to just web or mobile:** Learn on any and all of your devices!

» **No pay-to-play traps:** Access to full program and all features with purchase.

» **No crowdsourcing:** Curriculums developed by professional linguists.

» **Relevant content:** Words and sentences you can actually use in real life.

» **Hands-free listening:** Take downloadable MP3 lessons with you wherever you go!

» **Advanced pronunciation training:** Sound like a native with cutting-edge TruAccent technology.

Our interactive software will accelerate learning a new language for any user.

Access any Rosetta Stone program while you're on-the-go.

Rosetta Stone offers more than 24 languages to choose from.
