

Keyport Limited Warranty Policy

Keyport products carry a one-year limited warranty against manufacturing defects. If your product is defective due to a manufacturing defect, we will gladly repair or replace it, at our discretion.

This warranty does not cover color finishes, batteries, accessories, printed graphics, cleaning, sharpening, abuse, improper care, normal wear and tear, alteration, theft, loss, or unauthorized and/or unreasonable use. The products eligible for warranty are covered to the original owner.

If your product cannot be repaired, it will be replaced by the same product or a product of equal value. If a product of equal value does not exist for a replacement, we will provide store credit for the original purchase price.
