

Compatibility Check

Be sure you chose the correct model.

Deco TV Frames are **ONLY** compatible with Samsung **"The Frame"** TVs and would not fit other models of Samsungs or other brands of TVs.

Follow these two steps to ensure that you have the correct TV model.

Step 1

Ensure the model number contains

"LS03"

press
10 sec

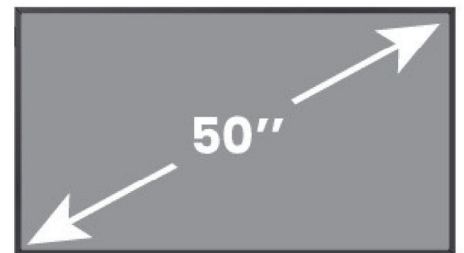

If your TV's model number contains an "LS03" you have the Samsung Frame TV. Go to Step 2

If your TV's model does NOT contain LS03, we're sorry but it would not be compatible with our frames.

Step 2

Check diagonal size of your Frame TV screen

Model code example

QN**50**LS03BAFXZA

Within the model number, the two numbers before LS03 will indicate the diagonal screen size.

If you are not able to confirm your screen size, please contact our Customer Service team before ordering.
