IMPORTANT SAFETY INSTRUCTIONS

Choking Hazard

WARNING: This product may contain small parts which may be a choking hazard to children under three years of age. Keep small parts away from children.

Road Hazard

WARNING: Risk of severe injury or death. This product requires in-car installation. Do not attempt to install or set up this equipment while your vehicle is moving.

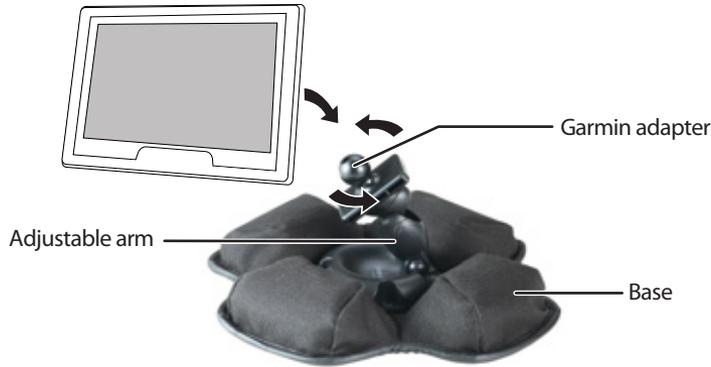

WARNING: Risk of severe injury or death. Do not install this equipment in a way that it will obstruct the view of the driver. Some jurisdictions have restrictions regarding the installation of after-market accessories. Consult and obey the local laws and regulations.

Notices

- Insignia does not assume any responsibility for any fines, penalties, or damages that may be incurred as a result of any state or local law or ordinance relating to the use of your device.
- Do not install this or any product over an air bag cover or within the air bag deployment zone. Insignia assumes no responsibility of liability for injury or death as a result of car crashes or air bag deployment.
- Insignia is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of the mounts.
- This product is designed for a Garmin Nuvi GPS only. Do not use this product with other type GPSs.

ATTACHING YOUR GARMIN MOUNT AND GPS

- 1 Place your Garmin mount on your dashboard. Your mount has a non-skid design that holds it in place.
- 2 Slide your GPS onto the pre-installed Garmin 17 mm adapter on your mount.

- 3 If needed, adjust the viewing angle by tilting your GPS up, down, right, or left. The adjustable arm has two swivel joints. You can adjust each joint by up to 90°.

TROUBLESHOOTING

PROBLEM	POSSIBLE SOLUTION
Will my mount fit any Garmin GPS?	<ul style="list-style-type: none"> Your mount works with Garmin Nuvi GPS models. The Garmin Nuvi GPS adapter comes pre-installed.
Does my mount work with a leather dashboard?	<ul style="list-style-type: none"> Your mount works on any surface.
How do I attach my mount?	<ul style="list-style-type: none"> Set your mount on your dashboard. The non-skid design keeps it in place.
My mount lost its friction and slides everywhere.	<ul style="list-style-type: none"> Try cleaning the non-skid surface on the bottom of your mount with a small amount of alcohol or a damp cloth. Apply a coat of RTV silicone (not included) or a piece of non-skid, RV or camper shelving material (not included) to the non-skid surface on the bottom of your mount.
