Cuisinart® Grind & Brew Single-Serve Coffeemaker

Make the perfect cup for one with the Grind & Brew Single-Serve Brewer by Cuisinart®. Designed to brew the most flavorful coffee with ease and convenience, this compact coffeemaker grinds whole beans to the ideal consistency for optimal flavor using a conical burr grinder, then feeds them into the HomeBarista® reusable filter cup to be brewed. The HomeBarista® can also be filled with pre-ground coffee or you can use your favorite single-use coffee pod. With three ways to brew and three size options, crafting the perfect cup is easy, fast, and extra enjoyable!

- Brew a single serving with freshly ground beans or use your favorite pod
- Conical burr mill automatically grinds whole beans directly into the HomeBarista® Reusable Filter Cup
- Hopper holds 100g of beans, sealed lid keeps beans fresh
- Push button control for 3 beverage sizes: 8, 10, 12oz.
- Removable 48oz. water reservoir
- Includes Cuisinart's HomeBarista® Reusable Filter Cup which lets you use your own coffee
- Compatible with any single-cup pod, including Keurig K-Cup®
- Removable drip tray for travel mugs
- Charcoal water filter
- Limited 3-year warranty
