Customer care, when and how it's needed

Smart Care with Lenovo Aura Edition reduces tech support and troubleshooting burdens from IT by providing real-time Lenovo expertise. QR codes quickly identify issues, and targeted drivers, firmware, and updates can be sent directly from Lenovo support.

The **Premier Support Suite** offers rapid, white-glove response to all queries.

Powerful technology in any form

Available both as a laptop and a 2-in-1 convertible, the Lenovo ThinkPad® X1 Aura Edition packs robust, AI-ready tech into a sleek, lightweight package. Both versions are powered by the latest Intel® Core™ Ultra processor with an integrated AI engine (NPU), capable of Microsoft Studio Effects, and Intel® Arc™ Xe2-LPG iGPU.

Meet the **Lenovo ThinkPad® X1 Carbon Gen 13 Aura Edition laptop**: Razor thin, long lasting, and high performing.

Is it a laptop? Is it a tablet? Either way, the **Lenovo ThinkPad® X1 2-in-1 Gen 10 Aura Edition** is a powerhouse.

World-class technology, delivered on demand

Lenovo TruScale Device as a Service reduces CapEx and ensures your organization is always outfitted with the latest tech. From rollout to recovery, Lenovo has the experience and global reach to handle everything.

An enterprise-level partner for AI PCs

The Lenovo ThinkPad® Aura Edition Series, imagined with Intel, delivers AI PC experiences that are personalized, productive, and protected with a best-in-class feature set and backed by industry-leading Lenovo support. Most importantly, whether in laptop form or as a convertible, Aura Edition PCs deliver experiences your most demanding users will love.
