- Power Cord
- Wacom Stylus Pen

Key Features

Web Description

Acer Chromebook Spin 13 CP713-1WN-53NF Convertible Laptop, 8th Gen Intel Core i5-8250U, 13.5" FHD+ 2256 x 1504 Touchscreen, 8GB LPDDR3, 128GB eMMC, Backlit Keyboard, Wacom Stylus, Aluminum Chassis

Versatility Meets Fun

Spin your way to amazing versatility with Acer's Chromebook Spin 13. This handy machine quickly transforms into anything you need it to be—a Notebook, stand-up Display, Tent or Tablet—thanks to its special 360° Hinge. A first for convertible Chromebooks, the elegant aluminum Chromebook Spin 13 uses a fast 8th Gen Intel processor and has a 13.5" Full HD+ IPS touchscreen display for seeing more of websites and documents. Take it anywhere and use it everywhere, the wide-angle view Webcam, supporting HDR imaging, enhances face-to-face chats and video conference experiences. Get the best of Google, more than 2 million Android apps, Gmail, Maps, Docs and Pics—and back up all your files safely in Google Drive! Whatever your need, this ultra-portable design meets the rigors of daily life.

Features

The Right Mode for the Right Moment

With four modes to choose from, finding the right fit for your needs has never been easier. The 360° hinge design offers the user a wobble-free, optimized touch experience.

Notebook Mode

Maximizes productivity with full functional keyboard.

Display Mode

Brings the screen closer for enjoying any entertainment content.

Tent Mode

Perfect in a narrow space like on an airplane or viewing a recipe in the kitchen.

Tablet Mode

The best way to browse the Internet, play games or share information.

Hidden Power

A first for Chromebooks. With an 8th Gen Intel® Core™ i5 processor apps load faster, graphics run faster and many tasks can be run simultaneously without lag. Heavy processing tasks like big spreadsheets and video transcoding can run faster.

Sharp Images

Crisp, clear, perfect, visuals are displayed on the Full HD Plus (FHD+) screen with a 178° viewing angle. With a high resolution display, movies and TV shows are shown in great clarity, and then share the screen with those around you with the expansive viewing angle.

Write Naturally

Write with greater control and precision. The elastomer tip of the included Acer Stylus with Wacom EMR (Electro-Magnetic Resonance) technology provides a more natural writing experience. Take advantage of the higher friction and elasticity to reduce sliding across the smooth surface of the screen.

Stylish Yet Tough

Strength, durability and stylish good looks are provided through the 100% aluminum chassis. Touch, swipe and scroll on the durable damage-resistant Corning® Gorilla® glass touchscreen and touchpad it provides a slicker smoother feel with great accuracy.

Stay Productive

With Chrome OS you can still use your favorite software. Download Chrome versions of traditional office productivity programs like Microsoft Office and Skype, as well as Facebook and Instagram and there are many more from Google Play™. With 10 hours of battery life you can get in a full day's work with time to spare.

One Port, Many Uses

One connector is used for ultra-quick data transfer, video streaming, and battery charging. The reversible USB 3.1 Type-C™ connector is the same at both ends and on both sides, so it's easy to attach. USB 3.1 is 10 times faster than USB 2.0

Acer Chromebook Spin 13 CP713-1WN-53NF

Detailed Product Specifications

Processor	Interfaces	Software
8th Generation Intel® Core™ i5-8250U Processor 1.6GHz with Turbo Boost Technology ⁽¹⁾ up to 3.4GHz (6MB Smart Cache)	2 - USB Type-C ports USB 3.1 Gen 1 (up to 5 Gbps) DisplayPort over USB Type-C & USB Charging 1 - USB 3.0 Type-A port 1 - 3.5mm combo jack (headphone/speaker) 1 - DC-in jack for AC adapter 1 - Kensington Lock Slot	Google Chrome Operating System

(1) Overall system performance is based on several PC attributes. GHZ, processor clock speed, is one of the attributes. Intel Burst Technology performance varies depending on hardware, software and overall system configuration.

(2) Shared system memory may be allocated to support integrated graphics depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of shared system memory utilized by the graphics solution and resources required by the operating environment.

(3) MB is 1 million bytes; GB is 1 billion bytes; TB is 1 trillion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer eRecovery Management utilizes up to 8GB (10GB with Microsoft® Office Starter 2010 Trial) of the stated hard disk capacity as dedicated backup space.

(4) Battery life varies depending on product specifications, computer settings, and applications or features launched.

(5) For a free copy of the standard limited warranty end-users should see a reseller where Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503. TFT displays commonly exhibit a small number of discolored dots, so-called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For International travelers warranty Valid only in countries where Acer has an authorized repair facility. For a list of those countries go to <http://global.acer.com/support/itw.htm>. or call 800-816-2237. Services and response times may vary in countries outside the U.S. and Canada
