Redesigned From The Flash Up

10-minute treatments*

The Flasher v2.0's wider window means faster treatments with fewer flashes on everything from your upper lip to your legs.

Painless & effective

We've developed the highest intensity lamp that can effectively target the melanin in your hair follicle without irritating sensitive skin.

UV protection

Our UV-filtered lens blocks harmful ultraviolet light, keeping your skin safe while you flash away unwanted hair.

Lifetime flash guarantee

Each handset comes with 600k flashes out of the box. If you ever run out we'll replace your handset free of charge.

*Average treatment time for legs, underarm, and face.

FDA Cleared, Skin-Safe Technology

The Flasher has been thoroughly tested to the most rigorous standards to deliver lasting results that won't damage your skin.
