

BE Free5

Truly Wireless Earbuds

NU FORCE

Truly wireless.
Pure **bliss**.

Experience superior sound, ultimate comfort and guaranteed reliability with the Optoma NuForce BE Free5. Cutting-edge audio technology, including graphene-coated dynamic drivers, AAC Bluetooth audio codec support and SpinFit eartips, come together for crisp, clear sound in a compact, ergonomic package with outstanding battery life.

Features:

- **Audiophile-Quality Sound:** Experience pure audio bliss from dynamic graphene audio drivers that deliver big sound from tiny enclosures. Simply connect your phone to hear your music with deep bass, warm and crisp details. The BE Free5 earbuds feature the AAC Bluetooth codec support for both Apple and Android Oreo for audiophile-quality sound from a variety of devices.
- **Data-Driven Design:** Leveraged third-party research of over 1,000 people to optimally design earbuds that are small, lightweight and comfortable.
- **Secure & Comfortable:** The sleek ergonomic ear buds are weight-balanced to stay in your ears comfortably and securely for worry-free enjoyment of music during the most rigorous work outs and active lifestyles. The SpinFit 360-degree rotation ear tips provided in different shapes and sizes paired with ear wings help you easily find the perfect fit.
- **16 hours of Listening Time:** Enjoy up to 4 hours of uninterrupted audio, whether you're rocking out to music, listening to audio books and podcasts or simply talking on the phone. The included portable charging case packs an additional 3 additional charges for a total of 16 hours of listening time.
- **Fast Charge:** Listen to a full hour of premium sound with just 15 minutes of charging time.
- **Talk & Control:** Microphone noise-cancelling technology eliminates environmental noises for crystal clear conversations via voice or video calls with your friends, family and acquaintances. Buttons at the top of the earpieces make it easy to control volume, media playback and activate Siri or Google Assistant without taking the phone out of your pocket.
- **Durable & Sweat Proof:** An IPX5 rating ensures sweat proof, water and weather resistance for reliable operation when you're training for a marathon, skiing down a mountain or walking in the rain.
- **Automatic On & Off:** Automatically connects to your phone when removed from the charging case and disconnects when inserted back.
- **Classic Color Options:** Available in black and blue.
