## Welcome

Congratulations on your purchase of a high-quality Dynex product. Your DX-P7DVD or DX-P9DVD represents the state of the art in personal DVD player design and is designed for reliable and trouble-free performance.

## Important safety instructions

- 1 Read these instructions.
- 2 Keep these instructions.
- 3 Heed all warnings.
- 4 Follow all instructions.
- 5 Do not use this apparatus near water.
- 6 Clean only with a dry cloth.
- 7 Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8 Do not use near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9 Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 10 Only use attachments/accessories specified by the manufacturer.

- 11 Unplug this apparatus during lightning storms or when unused for long periods of time.
- 12 Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- 13 To reduce the risk of fire or electric shock, do not expose this device to rain, moisture, dripping, or splashing, and no objects filled with liquids, such as vases, shall be placed on it.
- 14 The wall plug is the disconnecting device. The plug must remain readily operable.
- 15 Batteries should not be exposed to excessive heat such as sunshine, fire, or the like.

***Caution: Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.***

## Discs

- Do not use irregularly shaped discs, such as heart-shaped or star-shaped discs, because they may cause your player to malfunction.
- Do not stick paper, tape, or glue on a disc.
- Do not expose a disc to direct sunlight or heat sources.
- Do not touch the surface of a disc. Handle a disc by its edge.
- Clean a disc by wiping the disc from the center out with a cleaning cloth.
- Remove a disc from your player and store it in its case after playing.
- Some playback operations of discs may be intentionally limited by software producers. Because your player plays discs according to the disc contents the software producers designed, some playback features may not be available. Also refer to the instructions supplied with the discs.

## Setting up your player

### Package contents

Your box should contain:

- DVD player with 7" or 9" LCD monitor
- Remote control with battery
- Wall power adapter (AC adapter)
- Car adapter
- A/V cable
- *Quick Setup Guide*

## Connecting to AC power

### To connect to AC power:

- 1 Plug one end of the AC to DC power adapter into the **DC** jack on the side of your player.

- 2 Plug the other end of the adapter into an AC outlet.

## Charging and using the built-in battery

### To charge and use the built-in battery:

- 1 Turn off the player. The battery charges only when the player is turned off.
- 2 Connect the supplied AC power adapter to the DC input jack on the player, then plug the adapter into an AC power outlet. When the battery is charging, the charge indicator LED turns red. When the battery is fully charged the indicator turns off.
- 3 Unplug the AC power adapter when the battery is fully charged, then you can use your player by using the built-in battery.

**Note:** During playback, an icon  appears on the screen, and the power indicator LED flashes green, which means the battery has low power and you should recharge the built-in battery now.

## Connecting to a 12V car power outlet

**Note:** The car power adapter cannot be used to charge the battery.

### To connect to a 12V car power outlet:

- 1 Plug one end of the car power adapter into the **DC** jack on the side of your player.

- 2 Plug the other end of the adapter into a 12V car power outlet or car cigarette lighter socket.
- 3 Turn off your player. The red charge indicator will flash, reminding you that the battery cannot be charged with the car power adapter.

## Connecting headphones

### To connect headphones:

- Plug headphones (not included) into the **Headphone** jack. When headphones are plugged into the **Headphone** jack, no sound comes from the built-in speakers.

## Connecting a TV or monitor or viewing photos

You can connect your player to a TV or monitor so you can watch DVDs or view photos on the TV or monitor.

### To connect a TV or monitor:

- 1 Plug the end of the supplied A/V cable that has one black connector into the **AV** jack on your player.

White=left audio  
Red=right audio  
Yellow=video

- 2 Plug the connectors on an RCA cable (not included) into the connectors on the other end of the supplied A/V cable. Make sure that the colors on the connectors match.
- 3 Plug the other end of the RCA cable into the A/V jacks on the TV or monitor. The white connector goes into the left audio jack. The red connector goes into the right audio jack. The yellow connector goes into the video jack.

## Using your player

### Playing a DVD or audio CD

*Note: Most DVDs and your player have region codes that help control illegal distribution of DVDs. The region code for your player is 1. You can only play DVDs with a region code of 1 or ALL. The region code for a DVD is printed on the DVD or the DVD packaging.*

#### To play a disc:

- 1 Make sure that your player is connected to power or that the battery is charged.
- 2 Slide the **ON/OFF** switch inside your player to the **ON** position.
- 3 Press the **OPEN** button inside your player. The disc tray opens.
- 4 Place a disc, label side up, in the disc tray, then close the tray. The disc starts playing automatically.

### Controlling DVD or audio CD playback

#### To control disc playback:

- Press **STOP** once to stop playback. Your player remembers where you stopped. If you press **►II**, your player starts playing at the point where you stopped.
- Press **STOP** twice to stop playback. If you press **►II**, your player starts playing at the beginning of the disc.

*Note: When playing an audio CD, press **STOP** once to stop playback and return the player to the beginning of the CD.*

- Press **►II** to pause playback. Press this button again to resume playback.
- Press **►►** to fast-forward on the disc. Each time you press this button, the fast-forward speed changes from 2 to 4 to 8 to 16 to 32 times the normal speed.
- Press **◀◀** to fast-reverse on the disc. Each time you press this button, the fast-reverse speed changes from 2 to 4 to 8 to 16 to 32 times the normal speed.
- Press **►►I** to go to the next title, chapter, or track.
- Press **◀◀I** to go to the previous title, chapter, or track.

### Adjusting the volume

#### To adjust the volume:

- Rotate the volume control on the left side of your player.

## Maintaining

### Cleaning your player

Clean the outside of your player with a clean cloth, slightly dampened with water.

**Caution:** Do not use liquid cleaners or aerosol cleaners because they may damage your player.

### Handling discs

- To keep a disc clean, do not touch the play side (non-label side) of the disc.
- Do not attach paper or tape to the disc.

- Keep the disc away from direct sunlight or heat sources.
- Store the disc in a disc case after playback.

### Installing the remote control battery

**To install the remote control battery:**

- 1 Remove the battery compartment cover.
- 2 Insert the battery into the battery compartment. Make sure that the + and – symbols on the battery match the + and – symbols in the battery compartment.
- 3 Replace the battery compartment cover.

## Cleaning discs

- Before playback, wipe the disc outwards from the center with clean cloth.

## Legal notices

### FCC Part 15

This device complies with Part 15 of the FCC Rules. Operation of this product is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply within the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### **FCC warning**

Changes or modifications not expressly approved by the party responsible for compliance with the FCC Rules could void the user's authority to operate this equipment.

## 90-day limited warranty

Dynex Products ("Dynex") warrants to you, the original purchaser of this new **DX-P7DVD** or **DX-P9DVD** ("Product"), that the Product shall be free of defects in the original manufacture of the material or workmanship for a period of 90 days from the date of your purchase of the Product ("Warranty Period"). This Product must be purchased from an authorized dealer of Dynex brand products and packaged with this warranty statement. This warranty does not cover refurbished Product. If you notify Dynex during the Warranty Period of a defect covered by this warranty that requires service, terms of this warranty apply.

### **How long does the coverage last?**

The Warranty Period lasts for 90 days from the date you purchased the Product. The purchase date is printed on the receipt you received with the product.

### **What does this warranty cover?**

During the Warranty Period, if the original manufacture of the material or workmanship of the Product is determined to be defective by an authorized Dynex repair center or store personnel, Dynex will (at its sole option): (1) repair the Product with new or rebuilt parts; or (2) replace the Product at no charge with new or rebuilt comparable products or parts. Products and parts replaced under this warranty become the property of Dynex and are not returned to you. If service of Products and parts are required after the Warranty Period expires, you must pay all labor and parts charges. This warranty lasts as long as you own your Dynex Product during the Warranty Period. Warranty coverage terminates if you sell or otherwise transfer the Product.

### **How to obtain warranty service?**

If you purchased the Product at a retail store location, take your original receipt and the Product to the store you purchased it from. Make sure that you place the Product in its original packaging or packaging that provides the same amount of protection as the original packaging. If you purchased the Product from an online web site, mail your original receipt and the Product to the address listed on the web site. Make sure that you put the Product in its original packaging or packaging that provides the same amount of protection as the original packaging.

To obtain in-home warranty service for a television with a screen 25 inches or larger, call 1-888-BESTBUY. Call agents will diagnose and correct the issue over the phone or will have an Dynex-approved repair person dispatched to your home.

### **Where is the warranty valid?**

This warranty is valid only to the original purchaser of the Product in the United States, Canada, and Mexico.
