# the Big Squeeze™

## Product Description:

the Big Squeeze™ with super-sized feed chute juices everything from berries and oranges to wheatgrass and carrots.

The slow juicer that crushes and squeezes to make more juice, with more nutrients and a little fiber for a thicker, smoother texture.

**Big Squeeze Technology:** A screw and filter design slowly squeezes the maximum quantity of fresh juice from whole foods.

**Juice Whole Fruits:** The feed chute is largest on-market for slow juicers and allows you to juice whole foods at once.

**Juice and Mix:** The spout plug lets you pre-mix your juice for a fuller flavor and texture before pouring.

**Ultra Quiet Motor:** A low impact, 240 Watt motor makes this machine ultra quiet while operating.

**Quick Rinse Technology:** The spout plug lets you fill up the mixing bowl and completely rinse out the machine in-between juices.
