FEATURES

- Video Light: Compact rechargeable light uses 50 LEDs to illuminate your video shoot, 3 color diffusers are included to create different lighting effects.
- Compact shotgun mic: the mic attaches easily to any 3.5mm microphone jack and uses a universal shoe mount to work with all DSLR & Mirrorless cameras.
- Tripod: The compact multipurpose tripod features a removable built-in remote and a Smartphone/action camera holder.
- Bracket: The angle bracket serves as a stabilizer and lets you mount all your accessories, from your light, mic, phone or a combination of all of them.
