

More great features, in one sleek smartphone

Maximized screen, Minimized body

The full view display maximizes on-screen content by minimizing borders, so you can read more news, check more social updates, and view 18:9 videos as they were intended.

Premium-looking suede finish

The sleek design embodies both form and function, with a premium suede finish and minimalist slim design that's easy to hold and use.

Custom-built display by TCL

Our displays are custom-built, leveraging our parent company TCL's award winning TV technology, now available in a smartphone.

Ready. Set. Go

Powered by Android Oreo (Go Edition), the Alcatel 1X smartphone is built leaner, faster, and safer than ever before, so you can go bigger in everything you do. You have all the apps you need to get up and running quickly, with enough storage for your favorite photos, videos, apps and more.

Enhanced security

The embedded fingerprint sensor gives you secure and convenient access to your device.

Unlocked and ready to go

The Alcatel 1X is unlocked and compatible with all GSM carriers in the USA, including: AT&T, T-Mobile, Cricket Wireless, MetroPCS and more. Simply insert a compatible SIM and you're ready to go.
