RP-PB077

Specifications

Capacity	10000mAh 38 Wh
Input	Quick Charge: DC 5V/2A, 9V/2A, 12V/1.5A iSmart: 5V/2.4A Max
Output	Quick Charge: DC 5~6.5V/3A, 6.5~9V/2A, 9~12V/1.5A iSmart: 5V/2.4A Max
Dimensions	14.5 x 7 x 1.4 cm/ 5.7 x 2.8 x 0.6 in
Weight	210 g/7.4 oz

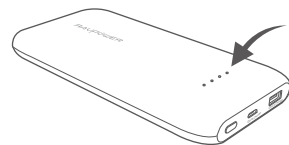

Charge Your Devices

Plug in to automatically charge. Not charging? Press the Power Button.

Recharge Your Power Bank

Use a 2A adapter to achieve the fastest recharge.

Press the Power Button to check the battery level

● Flashing / ● LED on / ○ LED off

Indicator	Battery Level
○○○○	< 5%
●○○○	5% - 25%
●●○○	26%-50%
●●●○	51%-75%
●●●●	76%-100%

Caution

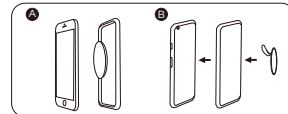

- Use RAVPower, original, or certified USB cables
- Recharge at least once every six months
- Keep away from extreme temperatures
- Do not expose to liquids
- Don't dismantle
- No dropping
- To prevent fire or other electrical hazards, do not break, bend, stretch or interconnect the USB cables, or put heavy objects on top

RP-SH001

Important

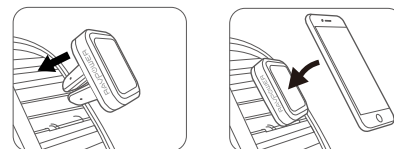

Metal Sheets of this car phone mount uses high performance 3M VHB adhesive. For the best results, do not touch the adhesive surface after the protective paper is removed.

Install the Metal Sheet

- Place the metal sheet between the phone and the case, or remove its protective paper and stick it onto the phone case.

Install the Mount onto Your Car

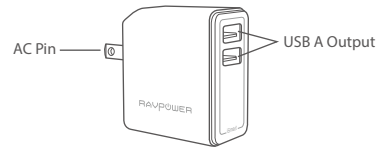

- Align with the vent blade.
- Push into place.

Magnet Warning

This product contains strong magnet, which will not damage phones or tablets with solid state hard drivers. But we strongly recommend you to keep it away from credit cards, pacemakers, or hard drives.

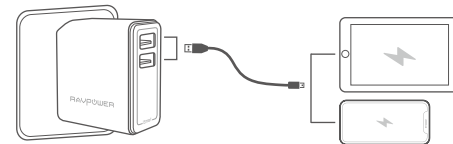

RP-PC019

Specifications

Model	RP-PC019
Input	AC 100-240V, 50/60Hz, 0.6A Max
Output	DC 5V/4.8A (Each 2.4A Max)

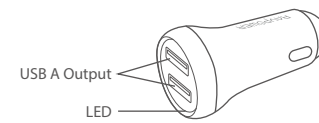

Charge Your Device

Caution

- Keep away from extreme temperatures
- Do not expose to liquids
- Don't dismantle
- No dropping

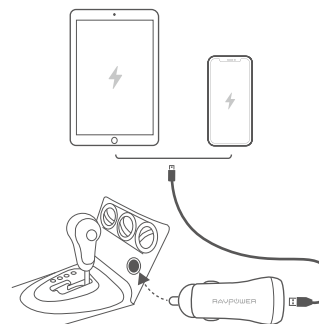

RP-PC085

Specifications

Model	RP-PC085
Input	DC 12V-24V
Output	DC 5V/2.4A (Max)
Weight	19g/0.67oz

Using Your Car Charger

- Plug in
- Charge your device

How to Wear

Please wear the headphones as shown in the diagram:

- 1) Attach the ear hooks onto the earphones.
- 2) Wear the earphones and the hooks on your ears and adjust for the best fit.

How to Use

1. Charging

- 1) Connect the charging port with any USB charging adapter or active computer USB port.
- 2) Charging will start automatically with LED indicator turning red.
- 3) The headphones are fully charged when LED indicator turns blue.

Note: Make sure the battery is fully charged before putting the headphones away for storage. Charge the headphones at least once every 3 months when not using for a long time.

2. Pairing

- 1) Make sure the headphones and your Bluetooth® device are next to each other (within 3 feet).
- 2) The first time you use the headphones, press and hold the Multifunction Button until the LED indicator flashes red and blue alternately. Now the headphones are in pairing mode.
- 3) Activate Bluetooth® function on your phone and search for the nearby Bluetooth® connection: Find “BH035” in the search results. Tap on the name to connect. Once connected, the Blue LED will flash.

Note :

- The Bluetooth® headphones can remember previous paired devices.
- If the headphones cannot pair with your Bluetooth® device, clear the pairing history by pressing and holding the Volume + and Volume - Buttons at the same time until the LED Indicator flashes purple twice. Then restart the headphones to pair again.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
