

# GE Profile UltraFast Combo

with Ventless Heat Pump Technology Washer/Dryer

PFQ97HSPVDS, PFQ97HSPVGN, PFQ97HSPVRS

## LEARN HOW TO CONNECT TO THE SMARTHQ™ APP

Steps to connect your new GE Profile UltraFast Combo Washer/Dryer to our SmartHQ™ app.

1

### Download The SmartHQ™ App

- Download the SmartHQ™ app to your smartphone.
- Sign in or create account for the app.

2

### Pair The Combo To The SmartHQ™ App

- With the SmartHQ™ app open, if needed, install any available app updates.
- Then, follow the in-app directions to pair your UltraFast Combo to the app.

3

### Connect The Combo To The SmartHQ™ App

- Follow the in-app directions to connect to your home WiFi network.
- You will have the option to save your home network credentials by clicking the save my network option.

4

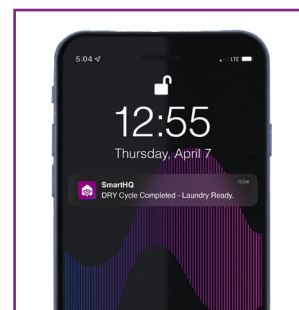

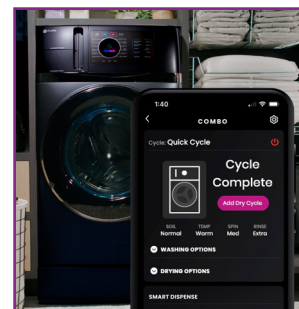

### Enter The Combo Model Number

- One final step to ensure your unit is securely connected.
- The SmartHQ™ app will direct you where to find the model number. Then it will prompt you to ENTER the model number from your Combo unit.

5

### Explore The Benefits Of Connection

- Your new GE Profile UltraFastCombo Washer/Dryer is now fully connected to the SmartHQ™ app and you are ready to access the connected features, such as receiving remote cycle status notifications, ordering detergents and downloading specialty cycles (Power Clean, Jeans, Swim Wear, Air Fluff, King-Size Comforter, Kids Wear, Sweat Stains, Drain & Spin, and Hand Wash.).
