

INFINITI PRO BY CONAIR® ION CHOICE HAIR DRYER

490N

Custom styling and fast drying with ion choice for multiple looks made easy.

Custom styling. Fast drying. Multiple looks. Get it all with the Ion Choice Dryer from InfinitiPRO by Conair.® This styling essential is your go-to for salon results at home and gives you the power to create two distinct looks with ion choice technology. Turn ions on for smooth, sleek styles, or ions off for added volume and fullness. Looking to cut down on drying time? You get 50% faster drying* with a professional AC motor that lasts up to 3x longer.* Want smooth, shiny hair? Ionic technology gets it done, with up to 75% less frizz.‡ You'll get healthier-looking results with less damage because ceramic technology protects your hair with gentle infrared heat. Choose from 3 heat and 2 speed settings to get your

look just right with the perfect speed and heat for your hair type. To dry with precision, attach the sleek concentrator. To enhance your natural texture, attach the volumizing diffuser. The handle is designed to fit comfortably in your hand and make styling extra easy and comfortable. Once you've got your ideal look, lock it in with the true cold shot. Salon performance made easy!

The Ion Choice Dryer from InfinitiPRO by Conair® spares you the trip to the salon with professional technology that's simple to use. Ion choice plus 3 speed and 2 heat settings make it easy to express yourself with personalized styling. And the combination of ceramic technology and ionic technology reduces heat damage, frizz, and flyaways. You get beautiful, healthy-looking hair, with your choice of ions on to explore shiny, smooth, straight styles or ions off to boost body and fullness. Be sure to use the diffuser for enhanced texture or the concentrator to focus airflow for straight styles.

The filter is removable, so you can remove the lint buildup and keep the dryer working like it should. Lose the lint to maximize performance and extend the life of the motor.

Dry like a pro—quickly and easily—with this versatile and powerful styling essential from InfinitiPRO by Conair.

- Express yourself: Create two distinct looks with ion choice technology.
- Serious performance: Achieve up to 50% faster drying* with a professional AC motor that lasts up to 3x longer.
- Healthier-looking hair: Infrared heat generated with ceramic technology provides gentle, even drying.
- Smooth, shiny results: Ionic technology ensures up to 75% less frizz.‡
- Personalized styling: Choose from 3 heats and 2 speeds.
- Lock in your style: True cold shot freezes your look in place.
- Extend the motor life: Eliminate lint buildup from the removable filter.
- Get smooth, sleek style: The concentrator focuses airflow for precision drying.
- Enhance your natural texture: Attach the volumizing diffuser for added texture and lift.
