

What's in the box?

- (1) Starlight Room Projector
- (1) USB Power Cable

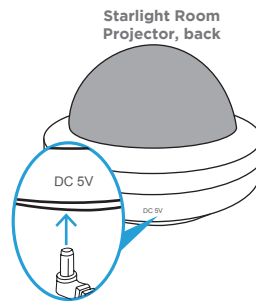

Power the Starlight Room Projector

The Starlight Room Projector offers 2 options for power:

- USB power cable
- 3 AA batteries (not included)

To use the USB power cable:

Plug the USB power cable into the **POWER 5V** jack on the back of the Starlight Room Projector. Plug the other end of the USB power cable into a USB power source, like a computer or charging adapter.

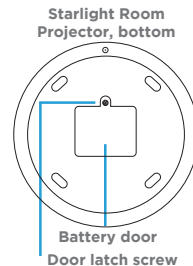

To use batteries: Use a Philips-head screwdriver (not included) to unlatch the battery door on the bottom of the Starlight Room Projector.

Remove the battery door and insert 3 AA batteries (not included) into the battery compartment. (Match the polarity signs on the inside of the compartment!)

Place the battery door back on the bottom of the Starlight Room Projector. Screw the battery door latch back into place to lock the door.

IMPORTANT: NEVER place the Starlight Room Projector or cords of any kind inside the crib. NEVER place the Starlight Room Projector or cords within reach of children. THIS IS NOT A TOY.

Everyday use

PLAYING SOUNDS

The Starlight Room Projector offers a variety of soothing lullabies and nature sounds, as well as white noise.

To turn the Starlight Room Projector on: Press the  icon on the top of the Starlight Room Projector.

To play the lullabies: With the Starlight Room Projector turned on, press  to turn on the built-in lullabies. Each press selects a different lullaby.

To play the nature sounds: With the Starlight Room Projector turned on, press  to turn on the built-in nature sounds. Each press selects a different nature sound.

To adjust the volume: Press and hold the  icon. The volume will eventually go to its lowest level. Stop pressing, then press and hold again to increase the volume.

To turn lullabies or nature sounds off: Press and hold the  (for lullabies) or  (for nature sounds) icon.

USING THE PROJECTOR LIGHT

To turn the projector light on: Make sure the Starlight Room Projector is on (press the  icon if it isn't). Press the  icon to turn on the projector light.

To adjust the light of the projector: Press the  icon repeatedly to cycle through the different projector light options.

To turn the projector light off: Press and hold the  icon.

USING THE TIMER

The timer switch on the side of the Starlight Room Projector shuts the lights, sound, and projector off automatically after a set amount of time.

Starlight Room
Projector, side

To set the timer: Make sure the Starlight Room Projector is on (press the  icon if it isn't). Then set the projector light and lullabies or nature sounds up the way you want them.

Set the timer switch on the side of the Starlight Room Projector to the desired setting:  (timer off), **15**, **30**, or **60** minutes.

Note: For best results, use the timer if you're leaving the Starlight Room Projector on for a long time (like all night).
