ROCK SAFELY

Enjoy your music responsibly. According to the American Speech-Language-Hearing Association, “listening to headphones at high volumes for extended periods of time can directly result in lifelong hearing loss”. At V-MODA, we are dedicated to providing an enjoyable listening experience, but we also care greatly about your personal health and safety. We recommend that you listen to your headphones at comfortable volume levels for reasonable periods of time.

How to enjoy your music responsibly.

- Turn down the volume. A good point of reference is half volume
- Limit listening time. Give your hearing a “time out”

Be aware of your surroundings. Do not use headphones during activities such as driving, bicycling or jogging while on public roads. Many states have laws prohibiting such actions. Obey local laws, be alert, and listen responsibly.

Caution around children. Keep out of reach of children, the parts included with this product can be a choking hazard. This product is not intended for children under 7 years of age.

WELCOME

Welcome to V-MODA, the music lifestyle. We sincerely hope you enjoy our headphones, the pinnacle of sound and quality design. Rock Harder.**

USING YOUR SPORT EARHOOKS

To provide additional stability and minimize cable noise, please use the included sport earhooks, featuring Active Flex® technology. The independent suspension allows the earbud seal to remain intact and maintain the integrity of sound while flexing with every movement.

1. Start with earbud hanging about one inch below top of sport earhook (the curved end). Insert headphone cable into exterior channel, starting at the top, then moving downward towards the bottom of earhook
2. Secure on ear by wrapping top of sport earhook around the top of your ear with the bottom pointing towards your shoulder. Then insert earbud into your ear
3. Sport earhooks provide ultimate stability and minimize cable noise during even the most vigorous activity

USING YOUR SPORT FINS

To provide additional stability when you run or workout, please use the included sport fins, featuring Active Flex technology. Sport fins come in three different sizes: try them out and choose the ones with the best fit for your ears.

1. Wrap sport fin around earbud making sure to match the corresponding one (“L” earbud with “L” sport fin, “R” earbud with “R” sport fin)
2. Insert earbud in corresponding ear canal (“L” into left ear, “R” into right ear)
3. Once the earbud is inserted, twist the sport fin and adjust it to rest comfortably in the bowl of your ear. The upper part of the fin fits just under your ear ridge

NOTE

When you want to use sport fins you need to remove Remix rings if present on earbuds.

USING YOUR 3D PRINTED CUSTOM CAPS

With the 3D printed custom caps you can revolutionize your in-ear headphones and forge your own personal relic which will be 3D sculpted in Italy and 3D printed in NYC.

1. Install Remix Rings to ensure that 3D printed custom caps are stable
2. Slide 3D printed custom caps onto earbud until the cap reaches the cable creating a snug fit

TROUBLESHOOTING

If you are experiencing trouble with your headphones, please refer to the troubleshooting guidelines below. If the problem persists, please contact the V-MODA Six Star Service at V-MODA.com/SUPPORT, support@v-moda.com or 1.888.VMODA.LA.

TROUBLE	SUGGESTIONS
No audio	Make certain the audio device's headphone jack is free of debris and that the headphone plug is securely connected.
Lack of or excessive bass or treble	Turn off any audio enhancement features on audio device. Ensure proper fitting is being used.
One earphone is quieter than the other	Remove silicone fitting and briskly blow into the earpiece. (It is possible there is debris inside housing, lodging sound driver in place.) NOTE: do not put your mouth around earbud.
Distorted sound	Check to make sure the problem is not with the audio device or the file to which you are listening. Ensure the EQ settings on the device are set properly. Make certain proper fitting is being used and that you have a snug fit (similar to that of an ear plug) and that the driver is pointed directly towards the ear canal.

REPLACEMENT ACCESSORIES

Replacement silicone fittings, sport earhooks, sport fins, shirt clip and carrying case may be ordered at V-MODA.com.

CLEANING YOUR HEADPHONES

To keep your headphones clean, periodically remove the silicone fittings and wash them with a mild detergent and water. Do not forget to rinse and dry them before putting the fittings back on earbuds. Make also sure to wipe earpiece with a dry cloth or equivalent.

NOTE ON STATIC ELECTRICITY

In particularly dry air conditions, mild tingling may be felt on your ears. This is a result of static electricity accumulated in the body, and not a malfunction of the headphones.
