# ELEPHANT IN A BOX

## OTTOMAN SET-UP INSTRUCTIONS

- 1 Base padding
- 4 Wooden beams
- 1 Cover

### INSIDE THE BOX YOU WILL FIND:

- 1 Unit of folded Honeycomb
- 8 Screws
- 1 Seat cushion

Open your Elephant in a Box.

Take all components of the ottoman out.

Open the ottoman honeycomb by pulling the sides away from each other in a straight line.

In the box there are 4 wooden beams and 8 screws.

Insert the two blue beams into the blue connectors at the top.

Insert a screw to keep it in place. Repeat for all beams.

Insert the two black beams into the black connectors in the bottom of the ottoman.

Make sure that the velcro is facing down.

Insert a screw to keep it in place.

Unfold the base lining and place it on the ottoman.

Then put the cover sheet over it.

Start by putting the cover and slowly pull it down from the 4 sides, all at the same time.

Attach the cover to the base using the velcro at the bottom of the ottoman.

Take the cushion out of the plastic bag and place it on top of the ottoman base.

Now, enjoy!
