DANGER - Electric shock

Just like any other electrical appliance, this Foot Spa must be handled with care and attention in order to prevent the risk of electric shock.

For this reason, the device must only be operated as follows:

- Plug the unit only into an electrical outlet as specified on the rating plate.
- Do not use the device if damage to the device itself or any of its accessories is evident.
- Do not connect the unit to an electrical outlet while filling.
- Never connect the Foot Spa to the power supply when your feet are already in the water. If the device is damaged, this can lead to life-threatening electric shock.
- Never use the appliance during a thunderstorm.
- Always switch the Foot Spa off and remove the plug from the electrical outlet before moving it or cleaning it. Always make sure your hands are dry when handling.
- Do not operate under covers, such as blankets or pillows. Excessive heating can occur and cause fire, electric shock, or injury to persons.
- Always unplug this appliance from the electric outlet immediately after using and before cleaning.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink. Do not place in or drop into water or other liquid.
- Never reach for a device that has been submerged in water. Pull the power cord from the power supply immediately.
- Do not handle plug with wet hands.

⚠️ WARNING

- Read these instructions carefully before use.
- Ensure the Foot Spa is undamaged before use. If any malfunction should occur during use, remove your feet from the foot wells, shut the unit off immediately and remove the plug from the electrical outlet. This unit contains no user serviceable parts; never attempt to repair the unit yourself.
- The unit is intended only for the purpose described in these instructions. The manufacturer cannot be held responsible for damage caused by improper or careless use.
- Children are not aware of the dangers associated with electrical appliances. Make sure that the Foot Spa is not used by children without supervision.
- Children must not play with the device.
- Keep children away from the packaging materials. Risk of suffocation.
- Close supervision is necessary when this appliance is used near children.
- Never immerse the unit in water.
- Do not place the unit in a shower, tub or basin to fill.
- If water leaks from the unit, discontinue use immediately.
- Do not clamp or pinch the power cord.
- Route the power cord so that it does not pose a trip hazard.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return the appliance to a service center for examination and repair.
- Do not use outdoors.
- Never drop or insert any object into any opening.
- Keep the cord away from heated surfaces.
- Do not carry this device by the supply cord or use the cord as a handle.
- Never operate on a soft surface such as a bed, carpet or couch where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- The surface of the unit may be hot; it may cause serious burns. Persons insensitive to heat must exercise extra caution when using.
- Do not use over sensitive skin areas or in the presence of poor circulation.
- Consult your doctor if you have any medical condition which affects the legs or feet, including but not limited to phlebitis, varicose veins, or diabetes.
- This Foot Spa is not intended for use by persons (including children) with restricted physical, sensory or mental capabilities and/or by persons lacking the required understanding of the equipment and how it is used, unless they are supervised by a person who is responsible for their safety or they are given instructions on how to use the Foot Spa.
- The device should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
- Do not use the Foot Spa with animals.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Never use the device in the vicinity of petrol or other easily flammable materials.
- Do not use attachments not recommended by the manufacturer.
- Do not open the Foot Spa. Failure to comply invalidates the warranty. You must not adjust or repair the Foot Spa yourself.

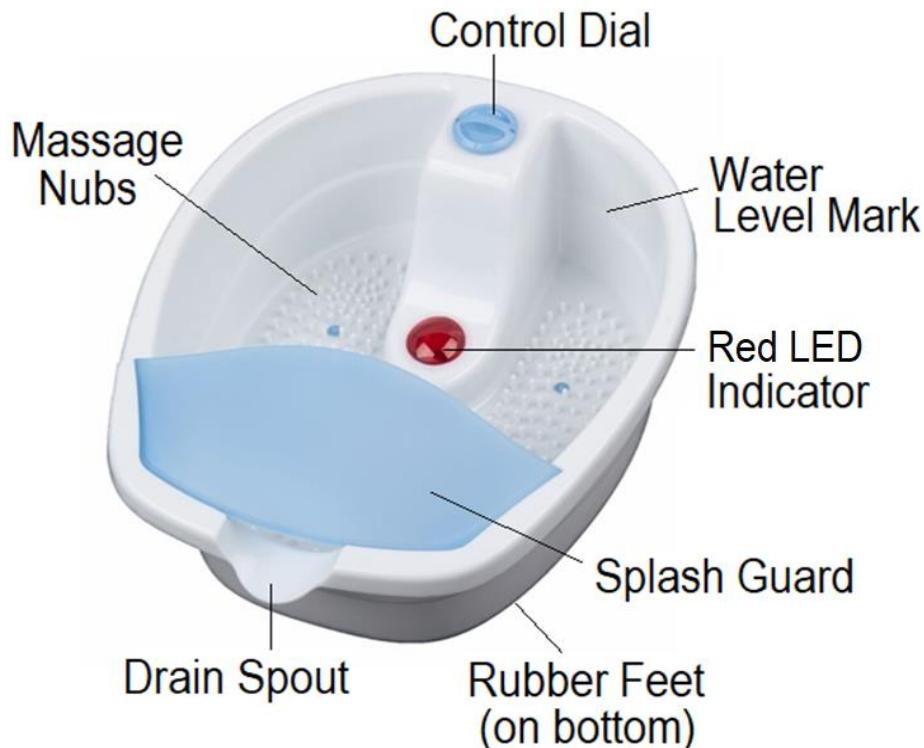

⚠ CAUTION

- Keep the device away from high temperatures.
- The unit is not intended for commercial or industrial use. It is intended solely for household use.
- Do not use this unit longer than 20 minutes continuously. Let unit cool for at least 15 minutes before reuse.
