AND
ORGANIZATION

imageFORMULA R40 OFFICE DOCUMENT SCANNER

Simple to set up and easy to use, the Canon imageFORMULA R40 document scanner can help you to increase productivity and organization at home or in the office. Quickly convert many types of paper documents into searchable digital files using the powerful, bundled software.

SIMPLE TO USE, SIMPLE TO INCREASE PRODUCTIVITY

The R40 scanner is great for desktop use and easy to install using the included USB cable that plugs right into your computer. Get up and running quickly and start scanning your documents using single-button operation. Both sides of your document can scan in color at the same time, and the automatic feeder will hold up to 60 sheets, eliminating the need to feed papers one by one. The one-click scanning feature makes it simple to scan receipts, contracts, photos, business cards, and almost any other document you might have. Fast and efficient, with a top scanning speed of up to 40 pages per minute, the R40 scanner allows you to process large stacks of paper quickly and easily. And to help further simplify your scanning tasks, you can program up to nine shortcuts on the R40—a great help when doing repeated scan tasks.

QUICKLY CONVERT DOCUMENTS, QUICKLY GET ORGANIZED

The imageFORMULA R40 scanner, compatible with both Windows® and Mac® operating systems, does what you need, when you need it. The scanner includes easy-to-use Canon CaptureOnTouch scanning software (Windows and Mac) plus a free license for Readiris PDF and OCR software and Cardiris business card software (Windows only). You can scan and save your documents into almost any digital format, including PDF and JPG. Or you can stay organized and improve collaboration by scanning your documents directly into a third-party cloud service,* like Google Drive, QuickBooks Online, Dropbox, OneDrive, SharePoint, and more.

CUSTOMER CARE HELPS PUT YOUR MIND AT EASE

The imageFORMULA R40 scanner comes with a one-year limited warranty for advanced exchange service. In the unlikely event your device does need a covered repair, Canon will send a replacement scanner in advance of receiving the device that needs repair. Additionally, Canon's customer service is 100% U. S.-based, so you can quickly speak to a representative to get the answers you need. Canon also offers extended warranty options for coverage beyond one year.
