WHY OZLO

- Meticulously engineered from the ground up for sleep, no compromises
- World's most comfortable sleep earbud — designed for side sleepers
- Precision sleep sounds scientifically tuned to mask snoring & noise
- Battery that outlasts the night & the competition
- Sleep tracking + environment sensing built in

Introducing **SLEEPBUDS™ 2** The world's smallest earbuds designed just for sleep.

Unmatched comfort
So comfortable you'll forget they're there.

All-night battery
Built for the full night, and beyond.

Precision sleep sound
Noise-masking designed to help you stay asleep.

Sleep intelligence
Understand and improve your sleep.

Introducing **SLEEPBUDS™ 2**
The world's smallest earbuds designed just for sleep.

Unmatched comfort
So comfortable you'll forget they're there.

- Ultra-small, low-profile design
- 1.6g weight, 8.0mm profile
- Side-sleeper tested

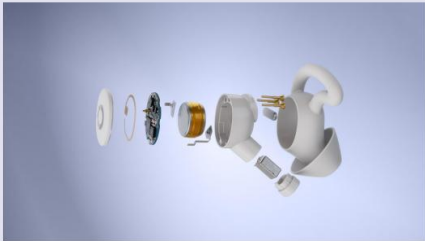

PER EARBUD	WEIGHT	HEIGHT
Ozio Sleepbuds 2	1.6g	8.0mm
Soundcore A30	2.4g	9.0mm

Introducing **SLEEPBUDS™ 2**
The world's smallest earbuds designed just for sleep.

All-night battery
Built for the full night, and beyond.

- Up to 14 hours battery life
- 40% longer than competitor
- Smart Case adds 2-3 additional charges

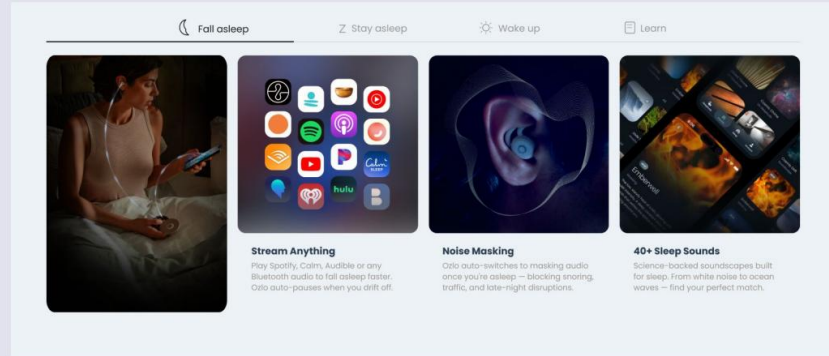

PER EARBUD	BATTERY LIFE
Ozio Sleepbuds 2	Up to 14 hours
Soundcore A30	Up to 10 hours

Introducing **SLEEPBUDS™ 2**

The world's smallest earbuds designed just for sleep.

Precision sleep sound
Noise-masking designed to help you stay asleep.

- Noise masking tuned for snoring, traffic, sudden noise
- Stable sound environment vs ANC disruption
- Optimized for low-volume clarity

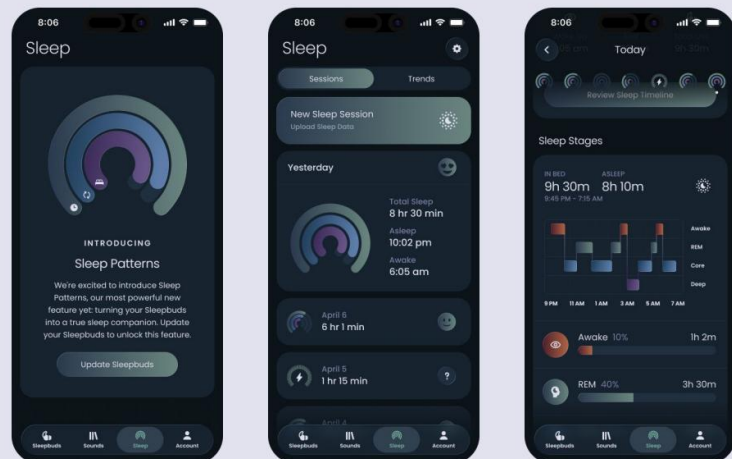

Introducing **SLEEPBUDS™ 2**

The world's smallest earbuds designed just for sleep.

Sleep intelligence
Understand and improve your sleep.

- Tracks sleep patterns and consistency
- Senses noise, light, temperature
- Built on real sleep data over time

Introducing **SLEEPBUDS™ 2**
The world's smallest earbuds designed just for sleep.

- 1** Meticulously engineered from the ground up for sleep, no compromises
- 2** Category leading size & comfort advantage
- 3** Battery that outlasts the night & the competition
- 4** Science-backed approach to sound & sleep disruption
- 5** Integrated system: Sleepbuds + Smart Case + Sleep Intelligence

Most earbuds are built for everything. Ozlo is built only for sleep.
