PACKAGE CONTENTS

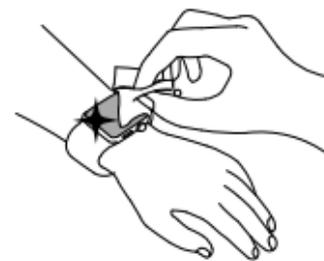

- Clear bumper with screen protector
- Black bumper with screen protector
- Cleaning cloth
- *Quick Setup Guide*

FEATURES

- Works with Apple Watch 40/41 mm, 42 mm, 44/45 mm, 46 mm
- Durable PC material protects against impact damage
- Curved edges offer full coverage with precise cutouts
- Maximum sensitivity with smooth surface
- 9H glass resists scratches and fingerprints

INSTALLING THE SCREEN PROTECTOR

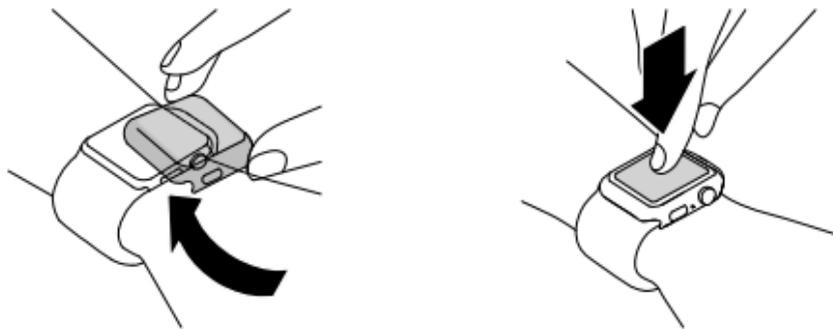

- 1** Remove the screen protector from the package and make sure that it isn't warped or damaged.
- 2** Using the cloth provided, or a clean microfiber cloth, clean the face of your Apple Watch.

- 3** Carefully peel the protective film off the back of the screen protector and discard the film. Be careful to only touch the edges of the screen protector.

Before using your new product, please read these instructions to prevent any damage.

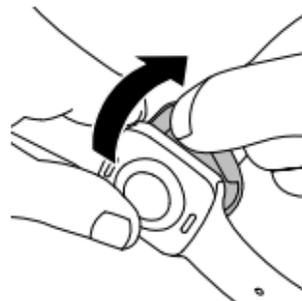

- 4** Align the screen protector so that the buttons on the side of your Apple Watch fit into the holes in the side of the screen protector, then press the screen protector onto the face of your Apple Watch to finish the installation.

REMOVING AND REINSTALLING THE SCREEN PROTECTOR

- 1** If you notice that there is dirt, dust, or moisture under the screen protector either now or later, you can remove the screen protector. To do this:
- a** Remove the Apple Watch from your wrist.

- b** With the side button facing down, grip your Apple Watch with your left hand, placing your left thumb on the back of your Apple Watch.
- c** Lift the left edge of the screen protector off your Apple Watch with your right hand.

- 2** Clean the inside of the screen protector and the face of your Apple Watch with the cloth provided, or with a clean microfiber cloth.

- 3** Reinstall the screen protector to the face of your Apple Watch as you did initially.
