

# Zhiyun

## Bluetooth Finger Remote

### Highlights

The Zhiyun-Tech Bluetooth Remote Controller is compatible with the Zhiyun-Tech Crane V1, Crane V2, Crane-M, Crane-Plus, Crane-2, Rider-M, Smooth-C, Smooth-II, Smooth-Q, Smooth-III, Evolution and Pround gimbals and can be used handheld or mounted on the Dual Handle for some of these gimbals. It has a 33' wireless range and features a joystick and other buttons/switches that mimic the gimbal controls. A built-in, rechargeable battery provides approximately 30 hours of runtime.
