<b>Game Language:</b>	English, French, Portuguese (Brazil), Spanish (Latin America)
<b>Bonus Content:</b>	CLAAS XERION SADDLE TRAC Pack (DLC)

## LET THE GOOD TIMES GROW!

Cultivated to be bigger and better – the ultimate and multimillion-selling farming simulation returns this November! Farming Simulator 22 offers more depth and the highest extent of player freedom in the history of the series. With more than 400 machines and tools from over 100 authentic agricultural brands, players can look forward to an improved and realistic-as-ever simulation. Suited for all ages, players dive into even more diverse agriculture, animal husbandry and forestry.

Two new maps inspired by US and EU regions plus an updated alpine Erlengrat map emphasize different kinds of farming operations, including three new crops. The addition of seasonal cycles adds new challenges throughout the year, and enhances the atmosphere many times over. Players can now start various production chains to further extend their income – whether they produce bread, oil, juice or more.

To allow more individualization of farms and characters, the vastly improved customization tools add plentiful new possibilities. Based on the GIANTS Engine 9, Farming Simulator 22 also features many technical improvements such as more realistic AI behavior, richer worlds and a significant performance boost on all systems.

## HIGHLIGHTS/FEATURES

- 400+ machines, new categories, 100+ agricultural brands
- Family-friendly, relaxed multiplayer mode for 1-16 players
- New crops & machinery: grapes, olives and sorghum
- Seasonal cycles add new gameplay mechanics
- Production chains add new economic layer
- Two brand-new maps + updated alpine map
- Vastly improved customization
- Performance boost on all systems
- Latest technology: DirectX 12, TAA, AMD FidelityFX Super Resolution etc
- Multi-year content strategy – the ultimate farming long-seller!
