

# STEINS;GATE ELITE

*STEINS;GATE ELITE* is fully remastered with animated scenes from the anime, creating a perfectly new, immersive experience. The game follows a rag-tag band of tech-savvy young students who discover the means of changing the past via e-mail using a modified microwave. Their experiments in pushing the boundaries of time begin to spiral out of control as they become entangled in a conspiracy surrounding SERN, the organization behind the Large Hadron Collider, and John Titor, who claims to be from a dystopian future.

## Game Features-

- Fully Animated Adventure - Indulge in all the beautiful animation from 24 episodes of the *STEINS;GATE* anime.
- A New Way to Time Leap - Experience the world of *STEINS;GATE* with this remastered, ultimate version that features newly animated sequences for certain endings.
- Branching Storylines - Every choice you make has its own consequence, shifting the world line closer or farther from reaching 1% divergence, providing a multitude of animated endings.
